EVELYN AS A WITNESS

Faces Jerome's Pitiless Cross-Examination,

BUT HOLDS HER OWN WELL

Fully Determined To Fight District Attorney With His Own Weapons. Story Practically Same as that She Related at Former Trial.

New York, Jan. 2[illegible].—Evelyn Nesbit Thaw's real ordeal began Tuesday morning. Again she faced District Attorney Jerome and his pitiless cross-examination. She knows what she has before her and from the answers she made to his questions Monday, is fully determined to fight him with his own weapons. The story she told on her direct examination was practically the same as that she told on the first trial nearly a year ago, except that certain details were omitted, either on the objection of the district attorney or at the direction of Thaw's lawyers. No detail of the story was overlooked by the district attorney.

At the first trial Mr. Jerome subjected Evelyn Thaw to a cross-examination that few women have been compelled to undergo. This time he has started on the same tack he

MRS. HARRY K. THAW.

there is nothing to indicate that he intends to be any more lenient with her. He has publicly stated that he, personally, does not believe her story and there is no question that he will do all in his power to break it.

The only new feature of Evelyn Thaw's story at this trial is that which deals with Thaw's desire to kill himself. Monday she testified to the details of an attempt that Thaw made to kill himself at the time before their marriage, when they were traveling in Europe. She also told of a proposal he made in New York that they kill themselves together. Neither of these incidents came out in her testimony at the first trial. In answer to the district attorney's questions Monday, she stated that she did no tell these incidents because Thaw's lawyers were afraid they would "make Harry out too crazy."

Unable under the law to even attempt to show that Evelyn's story is untrue, the district attorney will devote himself to an examination designed to show her incredibility as a witness, it being alleged that Thaw was driven to a state of insanity when he took Stanford White's life because of the story she told him. The law does not concern itself with the truth or falsity of that story. The prosecution, of course, cannot hope to combat her statement that she told the story, and the only thing the district attorney can do is to attempt to show the jury, by attaching her credibility, that it is improbable that she ever told to Thaw the story which she has detailed on the stand.

Diet Opens at Tokio.

Tokio, Jan. 22.—The regular session of the diet opened Tuesday and the various committees were appointed. The diet will sit on Tuesdays, Thursdays and Saturdays. Premier Saionji's address outlining the policy of the government will be made, it is expected, on Jan. 23.

CAR OF COFFEE SEIZED.

First Seizure Under Federal Pure Food Law in Tennessee.

Nashville, Tenn., Jan. 22.—Based upon information furnished District Attorney Tillman by the agricultural department, United States commissioner Doak Monday issued a warrant of seizure for a car of coffee shipped by a New Orleans house to a firm in this city, in alleged violation of the pure food law.

Before the warrant was executed, the coffee was unloaded. However, at the store of the firm, eighty-four bags of coffee were found, which, it was stated, had been contained in the car. It was marked with stencil, "polished coffee." The coffee was seized, it being arranged with the firm to leave it where it was until further action by the government.

The seizure was the first to be made in Nashville, and probably in Tennessee, under the provisions of the federal pure food law. It is charged that the coffee was adulterated in the pure view of the law, in that it is said to be colored and stained by use of chemicals. The chemicals used, it is charged, were French talcum and yellow or chroma, and the effect of the chemicals on the grain is said to be to conceal defects.

Under the provisions of the law the coffee will be analyzed and if the charge made is substantiated, the whole shipment will be condemned.

FORTUNE AWAITS HIM.

Search for Boy In America Who Is Heir to English Estate.

New York, Jan. 22.—A title and a fortune of perhaps a million dollars are awaiting a five-year-old boy in America provided the boy can be found.

Search is being made for him all over the country and Darwin De Golia, a San Francisco lawyer, is now in New York prosecuting the search. The boy is the heir of Sir Malcom Inglis, who died in Dublin three years ago, leaving a large fortune. A number of years ago Wm. Inglis left Ireland after a disagreement with his father and came to America. It is known that he married a New York girl, but none of the Dublin family knew who she was. For some time Malcolm Inglis sent a small remittance to his son in America, but when he learned of his marriage, even this was stopped and from that time on father and son did not communicate with each other.

WHY DRIVEN TO DRINK.

Improper Cooking by Wives Is a Cause for Men Seeking Drink.

New York, Jan. 22.—That most women cook so badly that they drive their husbands to drink was the statement made by Supreme Court Justice Greenbaum, in an address at the Hebrew Technical School for Girls. After describing the excellent work being done by the school, the justice said:

"In this country, the cooking is far from what it ought to be, particularly in the country district, where nature has endowed the soil with all that should make for ideal conditions as to food. Yet, the average woman there knows nothing about cooking. The cooking is vile. Children are nourished improperly. The wage earner, the bread-winner, does not receive proper food to sustain him. I have no doubt that many men go to saloons at night just because they are improperly nourished at home."

Only Modest Pictures Allowed.

Montgomery, Ala, Nov. 22.—At the meeting of the city council Monday night an ordinance was adopted to prohibit the use of any picture of any woman, nude or partly so, or in attitude other than one of modesty, on any bottle of intoxicants or shown in any barroom. Many of the members wanted it to apply also to bill boards, but this failed to pass.

Unemployed Hold Mass Meetings.

Berlin, Jan. 22.—Five mass meetings of the unemployed, organized by the Socialists, were held Tuesday in the outlying districts of Berlin. Fully fifteen thousand men were in attendance. Strong detachments of police were stationed in the vicinity. Interference was not necessary, however, as the meetings were orderly.

MINE WORKERS MEET

Nineteenth Annual Convention at Indianapolis, Ind.

MITCHELL CALLS TO ORDER

Convention Will Remain in Session Until After January 30 on Which Date Miners and Operators of Central Competitive Field Will Confer.

Indianapolis, Ind., Jan. 22.—The nineteenth annual convention of the United Mine Workers of America opened Tuesday in Tomline hall with one thousand delegates, representing the anthracite and bituminous coal producers. The convention will remain in session probably until after Jan. 30, on which date the miners and operators of the central competitive field will meet in conference to discuss the revival of the interstate wage agreement. Should the operators decline to meet with the miners the convention will then determine upon the organization's future course.

Except this, little of importance will come before the convention which has especial interest as marking the official retirement of President Mitchell, who has been at the head of the organization for nine years. The miners have voted by unions for new officers and the tellers are at work on the count.

President Mitchell was loudly cheered when he entered the hall. He merely bowed his acknowledgement and called the convention to order. The work of the credentials committee was the first business.

READY TO TAKE HIM UP.

Octogenarian Advertises for a Wife and Gets 200 Answers.

Montgomery, Ala., Jan. 22.—A few weeks ago Samuel Ming, of near the town of Union Springs, advertised for a wife.

He has received over 200 letters of women ready to take him up. They come from all sizes and kinds, ages and stations. Some ask for travel money and some will be satisfied if he arranges for a ticket. Others want to know his age and his standing and still others are willing to come along the moment he says so, paying their own way.

Ming is over eighty, but is strong and active. He says he is willing to take good care of a woman. He is getting his friends to help him decide.

"RUN" OF COIN COLLECTORS.

Sub-Treasury Besieged by Parties After New $20 Gold Pieces.

Chicago, Jan. 22.—Coin collectors made a genuine "run" Monday on the United States sub-treasury. For several days the news has been circulating that Monday the sub-treasury would begin the distribution of $10,000 of the "medal press" $20 gold pieces, the stamping of which was stopped shortly after the first lot was turned out.

In an hour and a half five hundred persons had filed past Cashier Russell's window, paid $20 and retired with a bright gold piece bearing the St. Gauden's design of liberty "kicking high."

Punished for Forming Ice Trust.

Columbus, O., Jan. 22.—The three ice dealers of Toledo, R. C. Emon, R. O. Beard and J. A. Tiller, who were sent to the workhouse as punishment for forming an ice trust got little consolation in the decision of the supreme court in their cases Tuesday, the court interfering with those sentences only so far as to hold that they should have been sentenced to the jail instead, and they are sent back to be re-sentenced. They were given a year's sentence and a fine of $5,000.

Good Showing in Special Taxes.

Macon, Ga., Jan. 22—More than $6,000 in special taxes have been paid into the county treasury for the year. Tax Collector Jones has made a far better showing this time than on former occasions in special taxes, and the indications are that there will be much more to report.

TWO KILLED; TWO HURT.

Fatal Accident on the A. B. & A. Railroad Near Fairburn.

Tyrone, Ga., Jan. 22.—Foreman McFarland, white, and Will Taylor, a negro, were killed, and four laborers, all negroes, injured more or less seriously in a wreck on the Atlanta, Birmingham and Atlantic railroad five miles southeast of Fairburn Monday afternoon late, when the train going toward Atlanta, loaded with men and material, rounded a sharp curve and struck the end of a telegraph pole that had been placed across the track about two miles north of Tyrone, in Fayette county.

It is thought that the pole was put across the track by some person or persons with intent to wreck the train.

Foreman McFarland's neck was broken and he was otherwise crushed in the wreck. It was found necessary to amputate a leg of one of the injured men.

Officials of the Atlanta, Birmingham and Atlantic railroad state it to be their belief that the pole was placed on the track in order to wreck the work train and thus injure the road.

SPOONER MAKES PLEA.

Sought To Prevent Enforcement of New Rates on Central.

Montgomery, Ala., Jan. 22.—Former United States Senator Spooner's address was the feature of the railroad state litigation hearing before Judge Thomas G. Jones, in the United States court Monday. He represented the Central Trust company of New York, which seeks to prevent the enforcement of the new rates on the Central of Georgia, the bonds of which it holds.

The ground is that any reduction of revenue will make it impossible for the road to pay interest. The position taken was that the company had a right to an investigation of the reasonableness of the rates, and having such right, it could go into whatever court it chose to seek redress. The cases are not suits against the state, but, rather, efforts to determine whether or not the laws will make it impossible for railroads to live under them.

GIVEN FULL LIMIT.

Wood Campbell Sentenced to Twenty Years in the Penitentiary.

Columbus, Ga., Jan. 22—In Muscogee superior court Monday Judge J. H. Martin sentenced Wood C. Campbell, slayer of Loxia T. Edwards, who was on Saturday convicted of voluntary manslaughter, to twenty years in the penitentiary, the full limit.

In doing so, Judge Martin severely arraigned the defendant, his words creating a sensation in the court room. He said that Campbell should be very grateful that the jury and his lawyers had done so much for him. He criticised Campbell severely for bringing his wife's name into the trial, saying that from the evidence he was not justified in doing so.

Pope Bids Archbishop Farewell.

Rome, Jan. 22.—Archbishop Riordan, of San Francisco, was received in a private farewell audience by Pope Pius X Monday. The archbishop congratulated the pope on his speedy recovery. The pope, who was looking well and in good spirits, granted Archbishop Riordan all he asked for in connection with his diocese, and authorized him to take the apostolic benediction to the faithful.

Revolution Practically Ended.

Port-Au-Prince, Hayti, Jan. 22.—Government forces have attacked the town of St. Mare, which was held by the revolutionists. The revolutionists surrendered after a slight resistance. The government forces then marched towards Gonaives, which is completely surrounded. The government considers the revolution as practically ended.

Nashville Man Suicides.

Nashville, Tenn., Jan. 22.—A. S. Woolwine, secretary and treasurer of the American Paper company, this city, committed suicide with a razor Monday, dying a few moments later. Mr. Woolwine left a note to his wife assigning ill health as the cause of the act. He was one of the most prominent business men in Nashville.

RACE RIOT IN OHIO

One Dead, Another Dying and Others With Crushed Skulls.

INTOXICANTS CAUSED ROW

Slavs Were the Principal Participants in the Riot—One Man's Head Was Beaten Almost to a Jelly—Seven Arrests Made by the Police.

Loraine, O., Jan. 22.—One foreigner is dead, another is dying, while a third is seriously injured and seven men are under arrest as the result of two race riots here Monday night.

A new saloon, just opened, gave away beer and many foreigners became intoxicated.

A crowd of Slavs became incensed at one of their number named Vonek, and while several men held him, others cut down a young tree and beat his head to a jelly.

At the same time on the East Side Yolin Bako was attacked by seven men and is now in a hospital, with a crushed skull. Steve Kortity, who tried to help him, also had his skull fractured.

Seven men are under arrest.

SPEER AFTER LOCKER CLUBS.

Judge Says Federal Law Has Not Been Complied With.

Savannah, Ga., Jan. 22.—The locker club in Georgia is not to flourish unmolested.

Trouble seems to be looming up for this oasis in the desert of the thirsty.

This trouble is not lurking in the acts of the coming legislature, but awaits the clubs in the term of the United States court for the Southern district of Georgia, which convenes in Savannah on Feb. 20.

Monday Judge Emory Speer sounded the docket for the term. He will return to hold court beginning February 20.

Asked about the status of the locker clubs in Georgia, Judge Speer caused great surprise when he said that he would charge the United States grand jury that the clubs are conducted in opposition to the statute requiring that each place where liquor is sold or dealt in any way shall pay a license of $25 to the federal government. Each and every member of the clubs, said Judge Speer, is under the law, liable for such a license and to post it in a conspicuous place. Thus far the members have in no case complied with this law, and the judge says he will charge the jury to investigate this omission.

This, of course, would mean the death of the locker clubs.

Ruling Is Against the Roads.

Baton Rouge, La., Jan. 22.—The Louisiana state railroad commission has decided that it could not make a rule prohibiting railroads from receiving liquor offered for shipment into prohibition territories. A petition for a ruling of this nature was asked for by the St. Louis, Iron Mountain and Southern on the grounds that whisky shipped into prohibition territory and not called for was a dead weight on the road's hands, as it could no be disposed of on account of the prohibition laws.

To Develop Chinese Mines.

Amoy, China, Jan. 22.—There has been organized a Chinese company to open the iron and coal mines in the vicinity of Awtow, fifty-five miles to the northwest of Tsuan Tsiu. The capital of the company is $2,000,000. The development of the mines, which includes the construction of fifty miles of narrow guage railroad, is in charge of English engineers.

Lumber Men Meet.

New Orleans, Jan. 22.—The annual meeting of the Yellow Pine Manufacturers' association opened in this city Tuesday. Several interesting papers devoted to this industry were read. The annual election of officers will be held Wednesday. A large number of delegates from all over the south and from several of the northern states are in the city.

R. R. COMMISSION MET R. R. OFFICIALS

Commi sion Behind Railroads on Account of Poor Depots Here.

RAILROADS TELL A POOR TALE

Seaboard Can Do Nothing Account Being in Hands of Receiver, While Atlantic Coast Line Puts Up Poor Mouth.

In compliance with the order, a meeting of the Florida Railroad Commission, representatives of the Atlantic Coast Line and the Seaboard Air Line railroads, and the citizens, was held at the court house Wednesday morning.

This meeting was the outcome of a petition of the citizens of Gainesville, through the Gainesville Board of Trade, directed to the Railroad Commission, and asking that a union station be provided by the railroads entering Gainesville for the benefit and convenience of the traveling public.

The meeting was well attended. There were present the full Railroad Commission, Messrs. R. Hudson Burr, J. L. Morgan and N. A Blitch, Superintendent M. Riddle of the Atlantic Coast Line, Superintendent W. J. Jinks of the Seaboard Air Line, representatives of the Gainesville Board of Trade, and many citizens.

After Commissioner Burr, who called the meeting to order, stated the object of the same, Superintendent Jinks was asked to speak in behalf of his road—the Seaboard. Mr. Jinks stated that his line is now in the hands of a receiver, and as the policy of the receivers in matters of this kind had not been announced, he was unable to speak with authority, or bind his road in any way.

Mr. Riddle, speaking in behalf of the Atlantic Coast Line, referred to the deplorable financial condition at this time, and asked for further delay.

Remarks were made by W. B. Taylor, B. F. Hampton, J. D. Stringfellow, J. O. Andrews and T. W. Shands, in behalf of the citizens.

After a most interesting meeting, the commission adjourned to make an inspection of the Seaboard Air Line depot in company with Superintendent Jinks and a number of citizens, and later an inspection was made of the Atlantic Coast Line depot.

It is quite probable that the Seaboard Air Line will be ordered to erect a new station, and the Atlantic Coast Line will be directed to repair and enlarge the depot, and the railroads will no doubt acquiesce.

The railroad officials left on the 11:20 a. m. train for High Springs.

THE FEDERATION OF LABOR.

Second Day of the Federation Convention Full of Interest.

The second day of the annual convention of the Florida State Federation of Labor was called to order at 9 o'clock Wednesday morning by President Moritz, when the convention immediately proceeded to get down to business.

The Chair appointed the following committees:

Rules, resolutions, communications, officers' reports.

There being no business before the meeting until the committees could report, an adjournment was taken until 2 o'clock in the afternoon.

The afternoon session was called to order promptly at the appointed hour.

The afternoon session was largely occupied by receiving the reports of the various committees. One of the most important of these was the report of the committee on resolutions, which introduced a resolution recommending the increase of the executive board, and to divide the State into six districts, each district to have representatives on the executive board. There seemed, for some reason, to be considerable opposition to this resolution, and action upon same was deferred until other resolutions could be presented covering more fully the ground.

The convention then adjourned until 9 o'clock a. m. Thursday.

In the evening, at the court house, an open mass meeting was held, in order that the delegates might have the privilege of mingling with the citizens and business men of the city. This meeting was held under the auspices of the local Carpenters' and Joiners' Union, and was fairly well attended. Several addresses were made, and altogether the evening was passed in a most enjoyable manner.

A Master Hypnotist.

One of the finest exhibitions in mind-reading and hypnotism was given last night at the Carmen opera house by Prof. I. A. Hemstreet before a crowded house composed of the best citizens of this city. The feats that he performed were marvelous, and those people who went upon the stage that had no faith in hypnotism came away from the opera house with a changed mind. He got a dozen or more of our best young men upon the stage and in only a few minutes he had them fast asleep, and the ridiculous things he had them doing kept the audience in an uproar of laughter the whole evening.

Prof. Hemstreet is a gentleman, and his exhibition is clean and very entertaining.—Chattanooga (Tenn.) News.

Prof. Hemstreet will be at our opera house Monday night, January 27, and two ladies, or one lady and one gentleman, will be admitted on one full-paid ticket if at the opera house before 8:15 p. m. Admission 15, 25 and 35 cents.

BURGLARS AT WORK.

Entered Room of Forest Kelley, But Were Driven Away Promptly.

Burglars seem still to be wandering about the city, invading the stores and homes of our business men and citizens. A few nights ago some person entered the store of J. C. Evans, West Union street, and took therefrom clothing, shoes, and other articles of wearing apparel.

A burglar disturbed the peaceful slumbers of Forest Kelley, at his room on South Arredondo street, at an early hour Sunday morning, which has just come to light, as Mr. Kelley is a little reluctant about talking about these matters. When approached in the matter, however, Mr. Kelley did admit that, about 4 o'clock on Sunday morning, while peacefully in slumber, he was suddenly arroused by a burglar entering his room. He arose so suddenly that the intruder, who came in through a hallway, was frightened, and made haste to get away.

In his night clothes Mr. Kelley, determined to capture the burglar if possible, made a dash, and followed him into the street. He made a dash up Arredondo street, chasing the man for two blocks, at some intervals being only a few feet behind him; but the man, who appeared to be a negro, was fleet of foot, and succeeded in making his escape.

The Jeavons Dramatic Company continue to draw large audiences. Last night the company presented "Down East; or, Dad's Girl," in a very creditable manner, and all present seemed to thoroughly enjoy the performance.

Between the acts are introduced a number of high-class illustrated songs, and other specialties of amusing character.

Miss Irene Jeavons captivates the audience in her clever acting and impersonations.

This evening, as a compliment to the State Federation of Labor, now in session here, the powerful and realistic melo-drama, "The Working Girl's Wrongs," will be presented, in which Miss Jeavons will be seen to advantage in the title role. The play is a good one, full of heart interest from start to finish.

Suffice to say that the Jeavons company is a good one—as good as any tented aggregation of the kind ever visiting this section.

At the close of every performance a laughable concert is produced, which is amusing in the extreme.

A special family matinee will be given Saturday afternoon, beginning at 2:30 o'clock.

WILL REPEAT CHARITY BALL.

Ladies of Library Association Will Give Dance Friday Night.

True to their promise, the ladies of the Library Association, who gave a ball at the Elks' Club several days ago for the benefit of the hospital, and which was not the success it should have been owing to the failure of the music to arrive from Jacksonville, the ball will be repeated Friday evening, and those holding tickets to the first dance, and who have saved their tickets, will be admitted to this dance without charge.

None more than the ladies in charge of the last ball regretted the failure of the music, for which arrangements had been made, to arrive; but it was a condition which could not be overcome at the late hour, hence no one in the management is to blame.

The ladies in charge of the arrangements upon this occasion desire to assure the young people that an orchestra from Jacksonville will be here upon this occasion, and they may dance to their hearts' content.

For the benefit of those who have not already tickets in their possession, and who desire to avail themselves of this opportunity, it is announced that tickets are now on sale at Miller's and Avera's.

The proceeds of this dance will go towards the support of the library.

JUSTICE COURT AT ROCHELLE.

Several Grove Park Negroes Heavily Fined for Disorderly Conduct.

It is not often that The Sun records a justice court outside of this justice district, except that the cases be of unusual interest, but information has been received of a hearing in Justice Zetrouer's court at Rochelle which is worthy of mention as a warning to the law-breakers, as a number of negroes of the Grove Park section were heavily fined upon a charge of disorderly conduct, one of whom was convicted, upon his own confession, of carrying a concealed weapon.

The report states that Mark Ivery plead guilty to carrying a pistol, for which he was fined $100 and costs or six months. Henry Ivery, K. Williams, Tom Hearron and Pardy Jones, all colored, were convicted of using profane language, and were sentenced to pay a fine of $20 and costs each, or thirty days in jail.

The fines were paid.

This information came from Deputy Sheriff Story.

President Roosevelt says that Secretary Taft will win the Republican nomination on the first ballot. Would it not be safer to say that he is sure of the Federal brigade?

The story of that Missouri man who enlisted in the army because he was out of work and next day fell heir to a fortune has not started a rush on the recruiting stations as yet.

The sheriff in a certain Georgia county has a stock of whiskey on his hands by right of levy, but the court has enjoined him from selling it. This must seem just like getting money from home to the sheriff.

Mark Twain is said to have over fifty thousand dollars tied up in a trust company as a result of the late stringency, and it is doubtful if even the leading humorist of the country can see the joke in the situation.

We know just what has caused the panic and it's resulting business depression. Why, of course, it was the fear of tariff revision. At least, that is what The American Economist declares. But as that publication is the organ of the tariff-protected trusts it is possible it may be mistaken.

Assistant Postmaster-General Hitchcock, who has been engineering the Cortelyou boom, has been forced by the Administration to climb into the Taft band-wagon. In spite of professions of civil service reform the power of public plunder is bound to be predominant with Republicans.

GREAT PROGRESS.

Progress is always in the comparative degree. Fifty years ago the world was exulting over achievements remarkable past belief to them, and we, looking back, smile at the pygmy work then accomplished and remember what wonders the magician's wand has produced in our own day. It is but a few decades between the handful of ships available during the Civil War and proud fleet that recently sailed out of Hampton Roads on its 13,772-mile peace cruise into the Pacific—spectacular, powerful, awe-inspiring, even to the greatest among the nations. Then, too, the West was remote, indeed, from the East, for the wonderful railway systems which link the Atlantic and Pacific shores by a few days' luxurious journey were yet unconceived. Now railroad engineering knows no obstacles. Once, thought hardly dared travel from Florida's mainland out along the treacherous coral reefs breathing miasma and fever, overgrown with tropical vegetation, infested with hideous reptiles and within reach of no pure fresh water supply. How long could a laborers' camp last there? But these same reefs are now the foundation of a new railway linking the mainland with Key West and bringing Cuba 100 miles nearer the United States. It is but a few years since any old hull that could keep afloat was a valued member of its navy; but recently the whole world watched with breathless interest while England took the "Hero," one of her older war vessels, and sacrificed it as a target for her modern battleships. Life-size photographs that require an entire room with a lens in one wall as a camera is the startling advance in this line. What a contrast to the little highly-prized daguerreotypes the Boys in Blue were sending home only forty-five years ago! For ages upon ages the North sea has been eating away the cliffs on the Holderness coast of Yorkshire, England, at a rate of 1,904,194 tons a year; now a system of reinforced concrete defenses has checked effectually the sea's ravages. These are but a few of the important innovations described in The February Popular Mechanics, which contains in all 172 articles and 160 illustrations, every one of absorbing interest, and written without dry technicalities, and so anyone can understand it. The Shop Notes department, compiled from the practical experience of men of every craft, is up to its usual standard, while the main features of the Amateur Mechanics' department are an automobile built by two boys from material on hand and various mechanical tricks.

The friends of President Roosevelt do not seem ready to defend his treatment of Admiral Brownson. Even the men who have no personal friendship for the rear-admiral are criticising the President for writing such an abusive letter when the provocation was so slight. Quite aside from the merits of the controversy, whether a medical officer should command a hospital ship, Admiral Brownson should not have been made to endure such savage vituperation from the President, who, because he is Commander-in-Chief of the Navy, could not be answered.

The prayer of the chaplain of the Oklahoma Legislature that Mr. Bryan might be elected President reminds one of the prayer of the chaplain of the Missouri Legislature that Grover Cleveland might hunt ducks forever on waters of oblivion. Let us have peace.

OFFICIAL STATISTICS.

The figures given out from the White House that Taft is certain of 521 votes in the Republican convention, with more to come, may be found after all to be colored by the enthusiastic statisticians of the "tennis cabinet." It would be rather extraordinary for a Republican convention to nominate a candidate for President against the protest of New York, Pennsylvania, Indiana, Illinois and other important States. The nomination of Taft can only be brought about by the votes controlled by the Federal officials in the South and West, and such an endorsement of "my policies" and "my candidate" would hardly be a recommendation to independent voters and civil service reformers in the doubtful States. The Republican factional fight thus seems to be drifting in favor of the Democrats.

What a strange political congeries compose the Roosevelt-Taft following in Ohio. Boss Cox is shouting for Taft just as "Coxey, old boy," shouted for Hanna and McKinley ten years ago. Yet the Roosevelt policies are supposed to be the opposite of what Hanna practiced, but the same old machine seems to be oiled by the same old lubricant—public plunder.

Congressman Cook of Colorado attacks President Roosevelt and his land policy in a letter sent to the President, Congress and the Supreme Court. Although a Republican, George Washington Cook must be a very undesirable citizen, for he declares Teddy to be impulsive and dictatorial, and inferentially puts Taft in the same boat.

"A lecturer in St. Louis said he was surprised at President Roosevelt," according to The Cleveland Leader. That must have been a long time ago, however. Nobody is ever surprised these days.

Thousands Have Kidney Trouble and Never Suspect It.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects*, while the *original disease* undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

LYNCHED BUT STILL LIVES.

Rope and Bullets Failed to End Life of Alabama Negro.

Dothan, Ala., Jan. 22.—Cleveland Franklin, the negro who was taken from the sheriff here by masked men, and supposedly hanged and riddled by bullets in an attempt at lynching, was found Monday by the sheriff alive, with only a slight wound. He was not even hurt seriously.

Franklin was an employe of the Southern Cotton Oil company here, and shot and seriously wounded A. C. Faulk, secretary and treasurer of the cotton oil company.

Monday morning the sheriff thought it would be well to examine the victim of Judge Lynch. Upon going up to the limb where the body was hanging, he was surprised to see Franklin winking for him to come and take him down from his uncomfortable position.

Just as soon as the negro was freed from his bonds an examination was made, whereupon it was found that the two hundred shots had all but one gone wide of the mark.

The fact that the rope did not do the necessary work caused some suspicion on the part of the sheriff. He at once began to find out the cause. He ascertained that the noose was not made by experienced hands, but by pure novices, the "wbeful knot" that usually does the work not being placed right, hence it did not give the death jerk on the negro's neck.

If it had not been for the negroe's well developed muscles, especially in the neck, he would have suffered considerable injury from the drop, and due to the twelve-hour hanging to the limb would have probably been dead when found.

The sheriff took Franklin to the jail where he is being held awaiting trial.

The jail is being closely guarded to prevent a possible repetition of the lynching.

Representatives Clay and Bell Working to Secure Relief.

Washington, D. C., Jan. 22.—Senator Clay and Representative Bell, the Georgia members of the postal committee of the senate and house, propose to exert every effort possible along legislative lines to secure for the people of Georgia relief from the inadequate and utterly unsatisfactory mail service they have been receiving.

Senator Clay has introduced a resolution in the senate calling on the postoffice department for certain information in regard to delayed mails throughout the country and particularly in Georgia, with special reference to the fines assessed and collected for such offenses.

Representative Bell of Georgia, a member of the postoffice and post-roads committee of the house, has also taken up the question in response to complaints of delays on rail routes, star routes and rural free delivery routes from all over the state.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Of Interest To Women.

To such women as are not seriously out of health but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

TWO KILLED, TWENTY INJURED.

Head-On Collision Occurred on the Seaboard Air Line.

Raleigh, N. C., Jan. 21.—As the result of a head-on collission at Cameron, 55 miles south of Raleigh, between a Seaboard Air Line freight and the northbound passenger train No. 84, Saturday, two men were killed and twenty injured, none seriously.

Engineer E. H. Vaughan and Hemp Townsend, a negro fireman, both of the passenger train, were killed. Both men were from Raleigh.

The collision is attributed to trouble with the air brakes of the extra freight, and to complicated train orders. The freight had orders to meet the passenger at Southern Pines, the orders being received before reaching Cameron. The air brakes failed to work, the train got behind time, and while trying to get into the siding at Cameron it was struck by the passenger train. The injuries to passengers and trainmen were mostly bruises and slight cuts.

CHURCHES VICTIMIZED.

Lead Coins Dropped in Contribution Boxes of Many Edifices.

New York, Jan. 21.—Orders have been issued in a number of Roman Catholic churches in Greater New York directing ushers who take up collections to discontinue giving change to those who wish to contribute. It has been the habit to give change to those who asked for it on the ground that they did not have coins of the size they wished to put in the contribution box.

It has been discovered that a large number of counterfeit half dollars found their way into the church collections in that manner. The passer of the coin would drop a lead half dollar in the box and receive 25 cents in change. Many churches have been thus victimized, one church finding as many as thirty-two such coins in one Sunday's collection.

S.S.S. MADE FROM ROOTS AND HERB

A SAFE AND RELIABLE BLOOD PURIFI

In the time of our forefathers the forests and fields were the only la atories from which they could procure their medicines. They searched and compounded the different roots, herbs and barks into remedies, many which have been handed down to succeeding generations, and continuo used with satisfactory results. Among the very best of these old time p arations is S. S. S., a medicine made entirely from roots, herbs and ba in such combination as to make it the greatest of all blood purifiers. T absolute vegetable purity of S. S. S. makes it the one medicine that may used without fear of harmful results in any way. Most blood medicine the market contain mercury, potash, or some other strong mineral. T act with bad effect on the system, upsetting the stomach, interfering w the digestion, affecting the bowels, and when used for a prolonged perio time often cause salivation. No such effects ever result from the use S. S. S., and it may be taken by children as safely as by older people. Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Disea and all other troubles caused by impure or poisoned blood, S. S. S. is a p fect remedy. It goes down into the circulation and removes all poiso impurities, humors or unhealthy matter, and makes the blood pure and r It eliminates every particle of the taint of inherited blood trouble, purifies strengthens the weak, deteriorated blood, and establishes the founda for good health. S. S. S. is Nature's Blood Purifier, and its many year successful service, with a steadily increasing demand for it, is the best dence of its value in all blood troubles. Whiskey of Merit

THAT is the only kind we ever distilled and sold. That is why our whiskies sell over and over to the customer who was satisfied with the first order---and continues so---that is why we enjoy the confidence of thousands.

Whiskey is either pure or something else. We select all the grain carefully; use only pure water; age to full maturity in our own warehouses, and insist that our whiskies reach the customer in original packages. This protects us--protects the customer--safeguards our goods from invidious adulteration by middlemen.

Our whiskies have no equal for use in the sick room, being wholesome and tonicy to weak stomachs; they are the best to serve your friends, they will appreciate their purity and enjoy their rich mellow flavor. POWER OF WEALTH.

Money, Says a Physician, Is Able to Purchase Even Life.

The aged millionaire sighed.

"I'd give all my money," he said, "if I could buy twenty-five more years of life."

"But your money has already bought you that," said the physician coldly.

"What rot are you talking now?" the millionaire asked peevishly.

"No rot at all, for it is a fact, a dreadful fact," said the physician, "that the rich live, on the average, twenty-five years longer than the poor. Born rich, you are assured of a quarter century more life than would be your allotment were you born poor. Wealth buys you all that. And yet they say that there is nothing in money. Why, man, money buys life."

"How do you mean?" said the millionaire. "This sounds rather like nonsense to me."

"Oh, wealth protects one from so many ills. Rich babies nearly always live, but poor ones die of a hundred complaints induced by poverty. Poor babies die off shockingly. And so with boys and girls, with men and women—if they are rich. They live healthily and therefore long, while if they are poor they live unhealthily, and disease, accident, contagion, privation—all sorts of preventable things—carry them off.

"Yes, money buys life, and reliable statistics show that if two children are born today, one rich and the other poor, the rich one will outlive the other by the tidy margin of twenty-five years."—Philadelphia Record.

The Origin of "Parson."

"Parson" is from the Latin "persona," a person, and the parson is the persona ecclesiae, or representative, of the church. The forms parson and person bear the same relation to each other as clark and clerk. From being pronounced parson the word has come to be so written. Blackstone in his "Commentaries" says:

"He is called 'parson' (persona) because by his person the church, which is an invisible body, is represented, and he is himself a body corporate in order to protect and defend the rights of the church which he represents."

"To parse a sentence" is to resolve it into its grammatical parts, and the verb is declared to have arisen from the interrogation "Pars?"—that is, "Quae pars orationis?" (What part of speech?) used by schoolmasters.

Too Broad a Hint.

"You've got a fellow in there that won't wait on me again, not much," said an irate customer, as he emerged from the dining room and slapped his money down on the pay desk. "I'm not stingy," continued the customer, "and don't mind giving tips, but when a waiter hangs round till a fellow has nearly finished eating and whistles 'Do not forget me,' I think it is about time something was done."—London Mail.

All He Said.

Officer—How is this, Murphy? Sergeant complains that you called him names. Private Murphy—Plase, sur, I never called him any names at all. All I said was, "Sergeant," says I, "some of us ought to be in a mintage orfice."—London Tit-Bits.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the subject fades."

SECRETARY C. R. THOMAS

Will Address the Farmers' Convention to be Held in February.

The fact alone that Mr. C. R. Thomas is secretary for the Hereford Association says practically all that needs to be mentioned in connection with this able man and speaker. The headquarters of the Hereford Association are in Kansas City, Mo., which is the "Chicago of the West."

In addition to the fact that Mr. Thomas has had the work as secretary of the Hereford Association, he has also been sent to South America in the interests of shipping blooded cattle to that country. The United States of course leads the Western Hemisphere in the production of pure-bred cattle. A large amount of pure-bred cattle were brought in from European countries to South American countries. These, however, are not as good as the American breed, naturally from the fact that our American cattle are brought up more nearly on the range than those of European countries.

Secretary Thomas has had such a wide experience, and has such a large fund of information in regard to cattle raising, that no one can afford to miss this lecture.

EVELYN AS A WITNESS

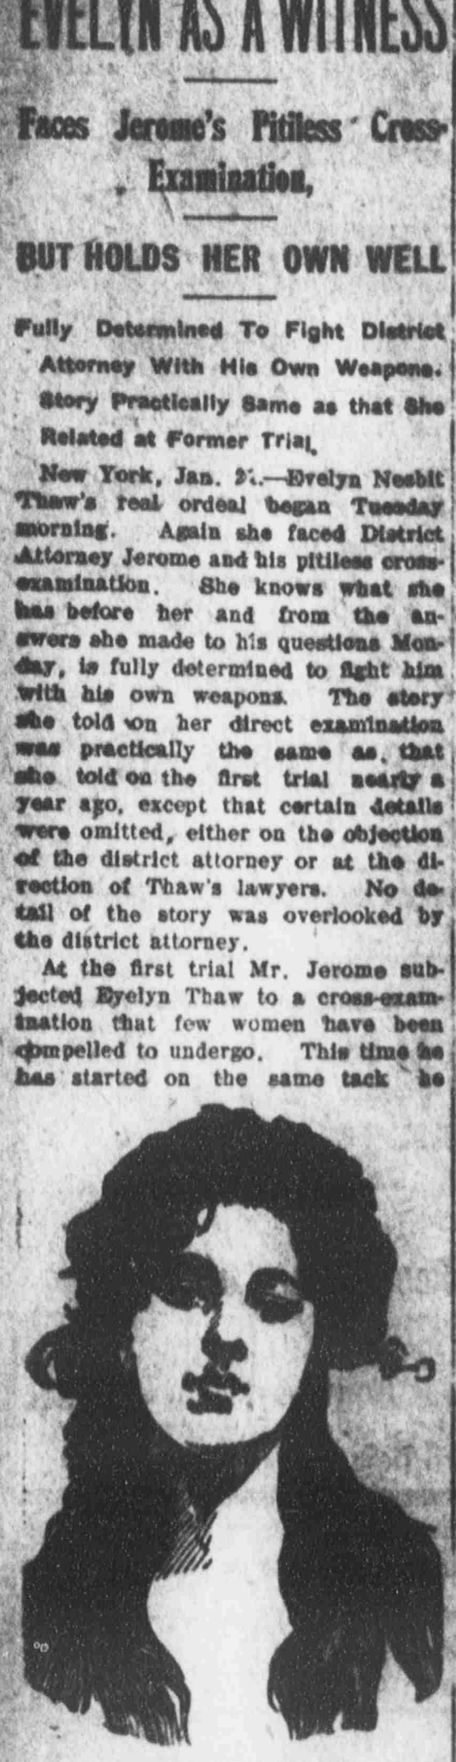
Faces Jerome's Pitiless Cross-Examination,

BUT HOLDS HER OWN WELL

Fully Determined To Fight District Attorney With His Own Weapons. Story Practically Same as that She Related at Former Trial.

New York, Jan. 21.—Evelyn Nesbit Thaw's real ordeal began Tuesday morning. Again she faced District Attorney Jerome and his pitiless cross-examination. She knows what she has before her and from the answers she made to his questions Monday, is fully determined to fight him with his own weapons. The story she told on her direct examination was practically the same as that she told on the first trial nearly a year ago, except that certain details were omitted, either on the objection of the district attorney or at the direction of Thaw's lawyers. No detail of the story was overlooked by the district attorney.

At the first trial Mr. Jerome subjected Evelyn Thaw to a cross-examination that few women have been compelled to undergo. This time he has started on the same tack he



MRS. HARRY K. THAW.

there is nothing to indicate that he intends to be any more lenient with her. He has publicly stated that he, personally, does not believe her story and there is no question that he will do all in his power to break it.

The only new feature of Evelyn Thaw's story at this trial is that which deals with Thaw's desire to kill himself. Monday she testified to the details of an attempt that Thaw made to kill himself at the time before their marriage, when they were traveling in Europe. She also told of a proposal he made in New York that they kill themselves together. Neither of these incidents came out in her testimony at the first trial. In answer to the district attorney's questions Monday, she stated that she did not tell these incidents because Thaw's lawyers were afraid they would "make Harry out too crazy."

Unable under the law to even attempt to show that Evelyn's story is untrue, the district attorney will devote himself to an examination designed to show her incredibility as a witness, it being alleged that Thaw was driven to a state of insanity when he took Stanford White's life because of the story she told him. The law does not concern itself with the truth or falsity of that story. The prosecution, of course, cannot hope to combat her statement that she told the story, and the only thing the district attorney can do is to attempt to show the jury, by attacking her credibility, that it is improbable that she ever told to Thaw the story which she has detailed on the stand.

Miss Rosalie was charming in white silk with lace trimmings. Miss Anderson, the other guest of honor, was unable to attend on account of the illness of her cousin.

During the evening "forty-two" was played in the drawing-room, while beautiful music was rendered in the parlor.

Punch was served in the hall by Mr. and Mrs. Bradley. A delightful two-course supper, consisting of salads, wafers, pickles, olives, cake and ambrosia was served. FIRST DAY'S SESSION OF LABOR LEADERS

Many Delegates Here, Representing All Branches of Labor.

MANY SPEECHES WERE MADE

Address of Welcome in Behalf of City by Attorney Baxter—Other Speeches by Prominent Labor Leaders—First Day Was a Grand Success.

From Wednesday's Daily Sun:

With a hall fairly well filled with delegates from every section of the State, representing the various trades unions and councils, the Florida Federation of Labor was called to order in annual session Monday at noon by the President, Max P. Moritz of Tampa, with Secretary Jas. A. Roberts, also of Tampa, at his desk.

President Moritz, in his usual clever and impressive manner, opened the convention with a few remarks, after which prayer was offered by Rev. Thos. P. Hay, pastor of the First Presbyterian church of this city.

Mayor W. R. Thomas was scheduled on the program to make the address of welcome in behalf of the city, but owing to illness he was unable to be present. His place, however, was admirably filled by Attorney E. G. Baxter, who assured the visitors of the heartiest welcome on the part of the people of Gainesville. Col. Baxter stated that the people of this city had anticipated the coming of this aggregation of representatives of the most honorable profession not only of Florida but of the world—labor. He was glad to see so many present, and felt sure he spoke the sentiments of the people when he bade them a cordial welcome.

President Moritz responded very happily to the address of the speaker, assuring him that it was a pleasure to mingle among the good people of Gainesville, and he felt sure that the stay of the delegates here would be a pleasant one, and that the meeting would prove not only enjoyable, but of great benefit to the organization.

Prof. DeBose, principal of the Union Academy, colored, was next presented, and made a most interesting address of welcome to the colored delegates, in behalf of the colored people of Gainesville. During the course of his remarks he took occasion to pay a high compliment to labor, which he termed "a profession without which the Government nor the world could not stand," and he was roundly applauded by the convention.

R. L. Harper, State organizer, a former Gainesville boy who is well known and popular here, was the next speaker. Mr. Harper, although a young man, is a fine and interesting speaker, and made a most impressive talk along the lines of labor, giving a general view of the conditions of organized labor in the State. While he declared that his address was an entirely informal one, that he did not expect to be called upon to make a talk, he was equal to the occasion, and his remarks were well received. Mr. Harper has devoted a great deal of time to organized labor, and is enthusiastic on the subject.

Following Mr. Harper the convention was treated to an interesting talk by W. J. Wilson, general organizer of the Brotherhood of Carpenters and Joiners of America. Mr. Wilson demonstrated the fact that he was a good speaker, and commanded the closest attention. He stated that he was glad of the opportunity of meeting with the Federation in Gainesville, and believed that it was going to prove a good and fruitful meeting.

At the conclusion of Mr. Wilson's remarks the convention had the pleasure of hearing an address from John H. Pomar of St. Augustine, representing the central body. Mr. Pomar is also an interesting speaker, and had many things of interest to say in regard to organized labor.

President Moritz again responded, this time making a nice address in acknowledgment of welcome and other things in general.

A committee on credentials, comprising S. J. Gebhart, Tampa, chairman; John H. Pomar, St. Augustine, J. E. Goddard, Tampa, C. F. Wathan, Carrabelle, and Geo. E. Ross, Jacksonville, was appointed, after which the convention adjourned until 3 p. m.

Afternoon Session.

The afternoon session convened promptly, President Moritz in the chair, and a full delegation present.

The committee on credentials made its report, the delegates were properly seated, and the convention formally organized.

After formal organization was perfected, the president made his annual address, which was a masterly effort, full of good, common and sound logic. President Moritz is a speaker of no mean ability, and the large crowd listened to him with the closest interest and attention. He is very popular among the organized labor of the State, and is regarded as one of the best friends and most loyal supporters of the Federation.

At the conclusion of the president's address a committee on rules was appointed, as follows:

J. E. Goddard, Tampa, chairman; Mrs. Jennie M. Williams, Palatka; B. F. Waters, Tampa, W. C. Cooper, Jacksonville, G. F. Gibbert, Lakeland.

The convention then adjourned until Wednesday morning at 9 o'clock, when the Federation will get down to business.

After adjournment the executive board held a session, at which matters of interest to the Federation were discussed.

From Thursday's Daily Sun:

The second day of the annual convention of the Florida State Federation of Labor was called to order at 9 o'clock Wednesday morning by President Moritz, when the convention immediately proceeded to get down to business.

The Chair appointed the following committees:

Rules, resolutions, communications, officers' reports.

There being no business before the meeting until the committees could report, an adjournment was taken until 2 o'clock in the afternoon.

The afternoon session was called to order promptly at the appointed hour.

The afternoon session was largely occupied by receiving the reports of the various committees. One of the most important of these was the report of the committee on resolutions, which introduced a resolution recommending the increase of the executive board, and to divide the State into six districts, each district to have representatives on the executive board. There seemed, for some reason, to be considerable opposition to this resolution, and action upon same was deferred until other resolutions could be presented covering more fully the ground.

The convention then adjourned until 9 o'clock a. m. Thursday.

In the evening, at the court house, an open mass meeting was held, in order that the delegates might have the privilege of mingling with the citizens and business men of the city. This meeting was held under the auspices of the local Carpenters' and Joiners' Union, and was fairly well attended. Several addresses were made, and altogether the evening was passed in a most enjoyable manner.

Madden Not Taking Chances.

New York, Jan. 22.—John E. Madden, the horse breeder and racer, is not taking any chances on the passage of a law by the present legislature which will interfere with racing in New York. It has just been learned that during a recent trip to Europe, Mr. Madden entered a number of horses in the big stake events in England and France, and is prepared to send a large string of his horses across the water for next season's races if he finds it will be to his advantage to do so.

There is some talk of moving The Florida Christian Advocate from Live Oak to Tampa.

MINE WORKERS MEET

Nineteenth Annual Convention at Indianapolis, Ind.

MITCHELL CALLS TO ORDER

Convention Will Remain in Session Until After January 30 on Which Date Miners and Operators of Central Competitive Field Will Confer.

Indianapolis, Ind., Jan. 22.—The nineteenth annual convention of the United Mine Workers of America opened Tuesday in Tomlinson hall with one thousand delegates, representing the anthracite and bituminous coal producers. The convention will remain in session probably until after Jan. 30, on which date the miners and operators of the central competitive field will meet in conference to discuss the revival of the interstate wage agreement. Should the operators decline to meet with the miners the convention will then determine upon the organization's future course.

Except this, little of importance will come before the convention which has especial interest as marking the official retirement of President Mitchell, who has been at the head of the organization for nine years. The miners have voted by unions for new officers and the tellers are at work on the count.

President Mitchell was loudly cheered when he entered the hall. He merely bowed his acknowledgement and called the convention to order. The work of the credentials committee was the first business.

Death of Judge Pelham.

Fenton, Ga., Jan. 22.—Judge Chas. Pelham, a brother of John Pelham, of Alabama, J. W. Stewart's chief of artillery, died at this place Sunday. Heart failure was the immediate cause of his death, though he had been suffering from a severe attack of la grippe. Judge Pelham formerly lived in Washington, where he was connected with the treasury department, but has resided in this place for the past few months.

Pensacola is feeling the effects of the order of the L. and N. railway to cut expenses. It is expected that the decrease in the pay-roll in that city will amount to about $3,000 per week.

GEN. LEE'S BIRTHDAY FITTINGLY OBSERVED

Stonewall Camp Did Honor to the Memory of Departed Dead.

DR. SLEDD MADE AN ADDRESS

Which Was Full of Eloquence, Sincerity and History, and Was Appreciated by Hearers—G. A. R., Daughters, Cadets and School Children There.

From Tuesday's Daily Sun:

The commemoration of the birthday of General Robert E. Lee by Stonewall Camp, United Confederate Veterans, and their friends, has come and gone—and it was one of the most beautiful and impressive ceremonies of the kind ever held in this city. The commodious court house was crowded to the doors with a large and representative audience, prominent among whom were many gray-haired veterans, not only those who fought to save the Confederacy, but those who were equally active to preserve the Union. It was a grand gathering of veterans, and the good feeling of fellowship which was apparent by the old soldiers of both the North and the South, as they mingled together, was sufficient to kindle the fire of loyalty and enthusiasm in the hearts of the younger element who were present, as it suggested that old adage, "how happy and consoling it is to dwell in peace together."

The battalion of cadets from the University of Florida, in connection with the United Confederate Veterans, the Daughters of the Confederacy, members of the Grand Army of the Republic, the pupils of the public schools, and the public in general, filled the court house promptly at 10 o'clock, when Commander Blitch of Stonewall Camp called the meeting to order. A prayer was offered by Chaplain Thos. P. Hay, pastor of the First Presbyterian church, after which the orator of the day, Dr. Andrew Sledd, president of the University of Florida, was presented by the chair.

Dr. Sledd, who is regarded as one of the most eloquent, most earnest and most impressive speakers in the State, seemed to be at his best upon this occasion, delivering one of the most instructive and interesting lectures or addresses it has ever been the pleasure of our people to hear.

Dr. Sledd, at the beginning, desired to impress upon his hearers the importance of such an occasion as this one, which he felt specially honored, on account of its significance and importance, to address. He felt it a special honor, at any time and at any place and under any circumstance, to reverence the name of such a man as him of whom he was about to make some brief allusions.

"Carlyle says, 'Happy the people whose annals are blank in history books,'" began the speaker; "this is true if the annals be a clog, but false if the annals be an inspiration.

"We approach this as a season of inspiration. The inspiration of a great man's life is best derived and enforced, not by the study of single phases of his character or the special circumstances of his career, but by the study of the fundamental principles of conduct which are given character, or special circumstances may illustrate and enforce.

"We need a wider basis of contact and sympathy; hence I propose a consideration of the great general principles underlying the character of one of America's greatest heroes, Robert E. Lee.

"No biography is really needed of this beloved, upright, Christian man of his people, but by way of parenthesis I may mention that Robert E. Lee was a native of Virginia, born in Westmoreland county on January 19, 1807. He was graduated from West Point in 1829, and served under General Scott in Mexico. We are all familiar with his noble record in the cause of the Confederacy in the bloody and strenuous campaign, from 1861 to '65.

"After the surrender he went as president of Washington College, Virginia, where he served with valor and faithfulness from 1866 to 1870, in which year he died, October 2,"

Following this brief allusion to the life of Lee, the speaker made several references to his life and character, both as a soldier and a citizen, and his remarks in this direction were at times most touching. He declared that a man may be a great man, but not a great soldier; he might be a great soldier, but that did not necessarily mean that he would be a great man; but General Lee had them both entwined in his bosom, and he was regarded as both a great man and a great soldier.

"What is greatness?" the speaker asked. "It is not physical or material, not purely intellectual. Greatness must involve certain elements of character which we call virtues. Greatness is the possession and expression of the highest virtues, which are intelligence, bravery, justice and self-control. Virtue has very wisely been defined as 'power of will, based on rational understanding.'"

Dr. Sledd spoke particularly to the young people in alluding to the "sowing of wild oats." He desired to impress upon the minds of the young men and women—especially the former—that the old theory that they must sow their "wild oats" was absurd and mythical, for it was not necessary that they should have any "wild oats" among their seed. "Whatsoever Ye Soweth, That Shall Ye Also Reap," he brought in at this point very impressively. As surely as a young man sowed his "wild oats," as surely was he to reap the harvest, as when a man soweth the wind he reapeth the whirlwind.

The speaker referred to war as an unfortunate necessity at times—to be done well, but not glorified. Lee was a soldier who did his work well, but who never glorified in the destruction his forces had wrought. He related several instances commemorative of the life and character of his subject which were deep and impressive, showing Lee to be a man above men, and a man loved for his bravery, his discretion and his deeds.

At the conclusion of Dr. Sledd's address he announced that, through the courtesy of J. J. Fenley Chapter, United Daughters of the Confederacy, in accordance with a custom which had been decided upon by a recent State convention of the Daughters, that the children of the public schools should be familiarized with the history and likeness of the great men of the Confederacy, this local chapter had presented to the Gainesville Graded and High School a portrait of General Lee, which adorned the walls in the rear of the speaker at the time. The rostrum was surrendered to Col. J. M. Rivers, who in his usual pleasing manner, with appropriate remarks, received the portrait in behalf of the school, thanking the donors most heartily.

After a few remarks by Commander Blitch, who addressed the veterans of both the Confederacy and the Union present, as well as members of both chapters of the Daughters of the Confederacy, thanking them for their attendance, and expressing a wish that "we may all be spared to meet again from year to year to commemorate the birthday of General Lee," the meeting adjourned, with the benediction by Rev. Dr. Hay.

INTERESTING NOTES FROM UNIVERSITY

Matters Are Moving Smoothly and Nicely at State Institution.

MUCH INTEREST IS MANIFESTED

By the Faculty in Their Work—Building Connected by Telephone—The Coming Farmers' Institute—Other Notes of Interest.

The last Farmers' Institute held under the auspices of the State Experiment Station was at DeLand, on Saturday, January 18. It was extremely well attended. Addresses were made by Prof. A. W. Blair, and Dr. E. W. Berger, of the Station staff, the first taking as his subject "Citrus Soils and Fertilizers," and the second, "The White Fly."

Prof. B. F. Floyd accompanied the two speakers to DeLand, although he took no part in the institute. He was sent out by the station to gather some information about citrus diseases in that locality.

Students Stephens, Grace, Drane, Kime, Rader, Childers and Frei were also in DeLand at the same time. They were in attendance upon the second Y. M. C. A. Conference of Florida students. The University and Stetson, we have been told, were the only institutions represented. Such a cause as this should have attracted at least one representative from all the colleges in the State. It will be remembered that the first of these annual conferences was held last year in Gainesville.

The University library has been greatly enriched during the last few days. Each of the departments of philosophy, pedagogy, modern and classic languages, English, mathematics, history and political economy have been greatly benefited by the purchase of these books. Besides these departments the needs of the general library have not been neglected. Among the long list of books and periodicals ordered are found journals in French, German and Spanish, for the use of advanced students in these languages. For the teaching of pronunciation of the modern languages the 'phone method has been introduced. This system was inaugurated, we believe, at the Naval Academy at Annapolis, and has since been adopted by a large number of the leading schools throughout the country. All indications are that it will prove of great benefit to those wishing to acquire a good pronunciation.

Some of the students in the modern language department have enrolled themselves on the list of the bureau for foreign correspondence. This means that these students are brought into contact with foreign students, to whom they write letters in the language they are studying, receiving letters in English in reply. This plan has had good results.

All of the sections of Thomas Hall, and the more remote buildings, the green-house, workshops, etc., have been connected by telephone, thus saving the officials of the University many a step.

Preparations are being made for the Florida State Farmers' Meeting, which convenes here on February 5. The session will last three days, and an interesting program has been arranged. Every farmer in the State will find it to his advantage to attend. The program follows:

Wednesday, February 5, 7 p. m.—Address of Welcome, W. R. Thomas, mayor of Gainesville. "Agriculture in the University," Dr. Andrew Sledd, president of the University. "The Florida Live Stock Association," S. H. Gaitskill, president of association, McIntosh. "The Florida Farmer," Prof. F. G. Schell, secretary of the Cotton Growers' Association, Lake Butler.

Thursday, February 6, 9 a. m.—Exhibition of Cattle to be Slaughtered, Dr. C. A. Cary, superintendent Alabama Farmers' Institutes. "The Herefords in Florida," N. A. Callison, Spring Park Stock Farm. "The Herefords on the Range," C. R. Thomas, secretary and representative of the Hereford Association.

Noon—Barbecue, citizens of Gainesville.

2 P. M., February 6—"Stock Raising in Florida," S. H. Gaitskill. "Cattle Raising in the South," Col. W. A. Harris, representing the Shorthorn Association.

7 P. M., February 6—Address by Col. W. R. Goodwin, Breeders' Gazette, Chicago. Stereopticon Lecture, Dr. Andrew M. Soule, President Georgia Agricultural College, Athens. Address to Farmers, Governor Broward.

Friday, February 7, 9 A. M.—"The Cotton Growers' Association," Judge B. H. Palmer, Lake City. "The Farmers' Union," G. N. Trawick, president, Mayo. Exhibition of Slaughtered Cattle, showing good and poor points, Dr. C. A. Cary. "Tick Fever and its Eradication," Dr. E. P. Guerrant, Ocala. "Florida Agriculture," Hon. B. E. McLin, commissioner of agriculture.

The regular Tuesday morning talk to the students was made this week by Capt. Cox, and his subject was, "A Message to Garcia." He took as the foundation of his lecture the paper prepared on this subject by Expert Hubbard, based on an incident of the Spanish-American War. From this he pointed some important lessons as to the value of prompt, exact, unquestioned obedience in the performance of duty. These Tuesday morning talks are given at 8:05 every Tuesday morning by a member of the University faculty or some specially invited speaker. Visitors are welcome, and those who will make the effort to get out at the rather early hour, will be repaid for so doing.

The system now in use for publishing and keeping record of all military matters relating to the cadet organization, is a model of simplicity and clearness. This is the production of Capt. Cox, after seven years' experience in military matters. It was installed here just after the Christmas holidays.

Dr. Berger, the station entomologist, has returned from a trip in South Florida, where he went to study White Fly conditions. He found the fungi, which is parasitic on the fly, growing and doing effective work in destroying the pest. He sprayed some groves with fungi spores, and is thus striving to spread this natural remedy to one of the most pernicious hindrances to orange growing.

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

HON. H. S. CHUBB OUT FOR TAFT

That Is the Conclusion to Be Deducted from His Statement.

FLORIDA IS ROOSEVELT STATE

But Inasmuch as Present Chief Executive Declines to Accept Another Term, Taft Will be Best Suited as His Successor—A Solid Vote.

According to the statement of Hon. Henry S. Chubb, register of the United States land office, chairman of the Florida State Central Republican executive committee, and one of the Republican party leaders of Florida, the Florida delegation will no doubt throw its entire influence for Wm. H. Taft for the nomination of President of the United States, at the next national convention.

Col. Chubb, with his colleague, Hon. J. N. Coombs of Apalachicola, recently returned from Washington, where they had been summoned on an important political errand. While the mission of this errand had not been made public, it was generally conceded that it was one of great importance, touching upon the coming national political situation, and Tuesday the Sun reporter called upon Col. Chubb in his private office.

The reporter found Col. Chubb in his usual happy frame of mind, clever and entertaining. Realizing that the Republican State convention would soon be held, it was particularly desirable to secure this distinguished gentleman's opinion at this time. At first he was reluctant to talk on matters politic, but was led up to a point of enthusiasm when he was asked if the Republicans of Florida were not for Roosevelt. This immediately kindled his enthusiasm, when he replied:

"Yes, Florida is a Roosevelt State. Every Republican and many Democrats were anxious for Roosevelt to accept another term, and complete the great policies so fraught with great blessings to the American people. His great genius, masterly mind, dominating personality and marvelous courage, make him the greatest American of today, and the most important personage of the world. Under his powerful and forceful leadership the Panama canal would be quickly completed, the gigantic trusts controlled, the pure food law enforced, and railroad corporations regulated.

"But ah! The President's last declaration that he would not accept the nomination again directs our minds to another candidate. There is no question but that the best qualified statesman now before the people is Wm. H. Taft—a man of great brain and strong character, and marvelous executive ability, of judical temperament, and thoroughly imbued with Roosevelt's policies. In view of these facts, he is best fitted to carry out the President's policies, and I feel confident that the Florida delegation will be solid for Wm. H. Taft."

Had a Good Time.

The Senior Class of the Gainesville High School has begun early in making gay their last year. Friday evening, January 17, found this class and their friends gathered at the home of one of their number, Miss Mattie Mae Williams, in North Gainesville. The spacious yard was invitingly arranged with rustic seats, the special feature of the occasion being an oyster roast. Games and music went to make up an enjoyable evening, and at a late hour the moon looked down smilingly on a crowd wending their way slowly homeward.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

IMPORTANT TO SUBSCRIBERS.

Owing to a new rule of the Postmaster-General publishers of newspapers are not permitted to extend credit to subscribers for more than one year for weeklies or three months for dailies. It therefore behooves subscribers to settle their back dues at once, as we must revise our list and eliminate the names of all subscribers who are in arrears further than the new law permits. We have now no choice in this matter, but are compelled to comply with the new rule in order to send The Sun through the mails at pound rates.

The new rule of the Postoffice Department is made to rid the mails of publications issued principally for advertising purposes, and while in some instances it will work a hardship upon legitimate publishers, the order will in the long run prove of benefit to them by eliminating from the mails unfair competitors who have abused the pound rate privileges.

Postmaster Lynch of the Gainesville office is disposed to be as lenient as possible with the publisher, but our list must be revised at once, and unless you settle your subscription account it will be our unpleasant duty to strike your name from our mail list.

Remit by postoffice order, check or registered letter, and DO IT NOW.

The new Congressional office building in Washington will make some of the backwoods members walk as if they were treading on eggs.

The Earl of Yarmouth can at least console himself with the reflection that he has achieved a big advertisement if he decides to return to the American stage.

We know just what has caused the panic and it's resulting business depression. Why, of course, it was the fear of tariff revision. At least, that is what The American Economist declares. But as that publication is the organ of the tariff-protected trusts it is possible it may be mistaken.

Assistant Postmaster-General Hitchcock, who has been engineering the Cortelyou boom, has been forced by the Administration to climb into the Taft band-wagon. In spite of professions of civil service reform the power of public plunder is bound to be predominant with Republicans.

Gainesville now has a dairy of thoroughbred Jerseys, and the folks down there are getting copious supplies of good milk. Jersey milk and pure water are beverages enough for any good people.—Live Oak Democrat. You should have said "another dairy of thoroughbred Jerseys." Brother Democrat, as the one you refer to makes the fourth dairy of thoroughbred Jerseys supplying this city.

GOOD FOR JACK.

Of course everybody has been watching with the utmost interest the progress of the battleship fleet now on its way to the Pacific. The first leg of the voyage was finished at Port of Spain, in the British Islands of Trinidad, and the second is now complete by the arrival at Brazil, where the Government authorities in Rio de Janeiro are laying themselves out to do honor to the fleet. Between New York and Rio there has been but one day lost from the schedule. This was due, it is said, to defective coal shipped at Trinidad. This speaks pretty well for the engineering end of the fleet, especially in view of the criticism that has recently been leveled at the navy. But one of the equally pleasing things is the compliment that was paid the men by the Governor of Trinidad. The arrival of the fleet there was greeted with complete official courtesy, but with mighty little general enthusiasm. It is hard to say just what the residents of the island expected, but perhaps their experience with sailors of their own and other nationalities was not such as to cause them to welcome 15,000 strange sailors being turned loose ashore in large batches. It is fair to say that Jack ashore is not always the most desirable citizen. But the men of the American fleet seem to have been on extra good behavior, and before the squadron was ready to sail they had been made thoroughly welcome in Trinidad. Before the vessels sailed Governor Jackson of Trinidad wrote a letter to Admiral Evans commenting among other things on the conduct of the sailors ashore. A part of this letter the Admiral signalled to the vessels after they were under way. The comment of the Governor on the men was that while on short they had established a record that "would be hard to equal and impossible to beat." That is the sort of an endorsement that the American people would like to hear from every port at which the fleet touches. There is more than a little relation between that sort of discipline and sobriety and the ability to attend strictly to the business that a navy is built for. Good work, Jack, keep it up!

THANKS, BRO. HARE.

There has always been a soft spot in our heart for that courteous, affable, cultured gentleman, W. B. Hare, and anything with which he was connected, and it is needless to add that the following kindly reference in his last issue of The DeSoto County News makes us feel all the more kindly toward him. We have endeavored to conduct just such a newspaper as he pictures, and we are proud to know that such a competent critic credits us with having done so. The News says:

"The Gainesville Sun editor may not be perfect. We do not believe he makes any pretentions along that line. Yet, where will you find a cleaner, fairer paper than this Sun? McCreary, the editor, has been continuously in politics for the past dozen or more years. As member of the House and later as Senator from his county, he has been under fire, in the limelight, all the time. His enemies—if he has any—have hit him hard and fast at times. At the capital and at home he has given blows as well as received them—figuratively, of course. Still, he has not used his paper to promote his partisan interests. It seems to be absolutely impartial to everybody and every faction or interest. Its columns are remarkably free from all marks of the personal. It never abuses his friends who act differently in politics. This is not only right but wise. 'Politics makes strange bed fellows.' Not all papers can be absolutely consistent with past utterances, our enemies being judges. However, if we are square and fair and courteous, we will be glad in the future. • • •"

RUMORS OF WAR.

There seems to be a determination in some quarters to try and involve the United States and Japan to the verge of war. Everything that is done by either country that can be distorted into warlike preparations is grossly exaggerated, so that the jingoes of either country may be kept in a constant state of excitement. The administration has been the chief culprit by ordering the fleet of battleships to the Pacific Ocean, for it is hardly possible to believe that this extraordinary move was for the domestic political purpose of turning public opinion of the Pacific Coast States towards the perpetuation of the Presidential policies and the selection of delegates to the Republican convention who will vote with the administration. Though it is natural to ask, if that move was not for partisan political effect, what was the object, if not to excite Japan?

As the difficulty about Japanese immigration to the United States can undoubtedly be arranged through the usual diplomatic channels and the question of the open door in Manchuria is merely a matter of trade, with which we have to deal with in China and not Japan, there can be no good reason why both countries cannot maintain the most amicable relations with each other. Both Japan and the United States would lose and neither could possibly gain by a clash of arms. The cost of modern war is enormous, and Japan, at least, would be impoverished after prolonged campaigns. For one thing is certain, that the people of the United States would fight to the bitter end and no peace at any price party would dare to raise its head while such a contest was in progress. The original question in dispute of the admission of Japanese to the public schools in San Francisco, as elsewhere, is entirely a matter of home rule that must be left to the people of each State to solve. The question of the admission of emigrants to the United States of any nationality is for Congress to determine, and the Federal Government to execute such laws as the national legislature may deem best for all the people. War is a calamity that no sensible people resort to unless compelled to defend themselves. But if attacked, "Lay on MacDuff and damned be he who first cries, hold, enough."

HOW HER LIFE WAS SAVED WHEN BITTEN BY A LARGE SNAKE.

How few people there are who are not afraid of snakes. Not long ago a harmless little garter snake fell on the wheel of an automobile which was being driven by a woman. The woman promptly fainted and the car left to its own resources, ran into a stone wall and caused a serious accident.

The bite of a poisonous snake needs prompt attention. Mrs. K. M. Fishel, Route No. 1, Box 40, Dillsburg, Pa., tells how she saved her life when bitten by a large snake:

"On August 20, 1906, I was bitten on the hand twice by a large copperhead snake. Being a distance from any medical aid, as a last resort I used Sloan's Liniment, and to my astonishment found it killed all pain and was the means of saving my life. I am the mother of four children and am never without your Liniment."

That "boom" of dark horses against Frank Clark seems to have fallen flat. The favorite sons were not forthcoming, as the majority of the people are satisfied with Frank Clark's record. You can take this from a paper that is not a "corporation organ." The voters are getting tired of the silly twaddle directed against every candidate who fails to jump when certain "reformers" crack the whip.—Orlando Reporter-Star.

TWO REMARKABLE CURES OF ECZEMA

Over Twenty-three Years Ago Baby had Severe Attack—Years Later Grandfather Suffered Torments with the Disease—Virulent Sores Developed from Knees to Toes.

BOTH OWE COMPLETE RECOVERY TO CUTICURA

"In 1884 my grandson, a babe, had an attack of eczema, and after trying the doctors to the extent of heavy bills and an increase of the disease and suffering, I recommended Cuticura and in a few weeks the child was well. He is to-day a strong man and absolutely free from the disease. A few years ago I contracted eczema, and became an intense sufferer. A whole winter passed without once having on shoes, my ankles and nearly from the knees to the toes being covered with virulent sores. I tried practitioners, specialists, dermatologists, etc., to no purpose. My daughter-in-law reminded me of having prescribed Cuticura for my grandson more than twenty years ago. I at once procured the Cuticura Remedies and found immediate improvement and final cure, till to-day, though well along in years, I am as though I had never had that disease. I am well known in the vicinity of Louisville and Cincinnati, and all this could be verified by witnesses. M. W. LaRue, 845 Seventh St., Louisville, Ky., April 23 and May 14, 1907."

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head; the facial disfigurement, as in acne—all demand remedies of extraordinary virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven by testimonials of remarkable cures when many remedies and even physicians have failed. One set is often sufficient to cure.

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

The Live Oak Daily Democrat complains that the business men of that town do not give it proper support in the way of advertising patronage. In this the business men of Live Oak are making a grave mistake. It would be a disgrace to the town to permit such a live newspaper to suspend for lack of patronage. "Business is business," however, and the publishers cannot be expected to continue publication unless it is self-sustaining. The editor of The Sun appreciates the situation which confronts the publishers of The Democrat, for he has been confronted with the same situation in years past, and while two or three of our merchants are liberal advertisers at present, the receipts for an entire month's advertising from the business men of this city would not pay the running expenses of The Sun for a single week. Some of you may doubt this statement, but our books will prove it.

The mother-in-law joke reaches the climax in the case of the Delaware man who has just married his'n.

OFFICIAL STATISTICS.

The figures given out from the White House that Taft is certain of 521 votes in the Republican convention, with more to come, may be found after all to be colored by the enthusiastic statisticians of the "tennis cabinet." It would be rather extraordinary for a Republican convention to nominate a candidate for President against the protest of New York, Pennsylvania, Indiana, Illinois and other important States. The nomination of Taft can only be brought about by the votes controlled by the Federal officials in the South and West and such an endorsement of "my policies" and "my candidate" would hardly be a recommendation to independent voters and civil service reformers in the doubtful States. The Republican factional fight thus seems to be drifting in favor of the Democrats.

The Times-Union of a recent issue devotes considerable space and sympathy to the Florida Seminoles, urging that they be placed on a Western reservation or in some way protected from the encroachment of the mericiless white man. The practical extinction of game and the drainage of that stronghold of the redman, the Everglades, are reducing him to beggary. This all sounds very well until you examine the situation at short range and see that the beggar Seminole is about as much "the lord of the soil" as he ever was or ever wants to be. If there were not a white man this side of the Mason and Dixon line this child of nature would be no happier than he is today. An acre of land for his pumpkins and corn, a few hogs on the range, a pony and gun, and he is the king of the earth. There will always be enough Everglades left to yield furs for his needs, and so far as the calamity of game extinction goes he has brought it upon himself, slaying, as he has done and will do, indiscriminately and without a thought for the future. Provide for him if you want to and educate him if you will, but don't worry about him, for he is abundantly able to take care of himself.—Fort Pierce Tribune.

Gov. Hughes' attitude somehow reminds one of the masterly silence of Alton B. Parker in 1904.

Money is again getting so plentiful that a man can carry a piece around in his pocket for luck.

MANAGER BUCKLEY IS ENTHUSIASTIC

Over the Coming Mid-Winter Exposition at Jacksonville.

MADE A VISIT TO ALACHUA

In the Interest of the Exposition, and Feels Gratified That Spring Park Farm Will Send an Exhibition of Cattle—Other Exhibits Also.

"I can say with impunity that the coming Mid-Winter Exposition, which will open in Jacksonville on the 25th inst., and remain open for three months, will be the most successful, largest and most magnificent affair of the kind ever attempted in Florida," remarked Louis W. Buckley, general manager of the exposition, at the Brown House Saturday. "We have left no stone unturned to make it a success; we have employed men who know their business to make all arrangements and secure attractions, and they have succeeded admirably, as will be demonstrated when the great exposition is thrown open to the world at noon of Saturday, the 25th, with appropriate ceremonies. We expect upon this pompous occasion, which will mark a new era in exposition work in the South, especially in Florida, many prominent persons, among whom will be Governorr Hoke Smith of Georgia, Governor N. B. Broward and staff, Congressman Frank Clark, and others. An interesting feature of the event will be the starting of the machinery by the pressing of an electric button in Washington by President Roosevelt, provided the President finds it impossible to be there personally."

Mr. Buckley states that the grounds, which combine Dixieland Park, comprise twenty-eight acres, and are admirably located just across the river, only three minutes' ride from the foot of Main street.

The Palace of Industry, which is the main exhibition building, is a beautiful structure with white staff front. It is the largest building of the kind in the South, its dimensions being 350x400 feet. Another desirable feature of the exposition will be the arena, a commodious pit which will be used for baseball and other athletic games, also for the stock show, which will be held some time in February.

"Another great attraction at the Mid-Winter Exposition will be the two midways, which will be known as the Florida Trail. These thoroughfares will combine a length of about eight blocks, and here is where the concessions will be located. There are many concessions, many of them among the leading attractions of the United States. Among the most widely known are the famous Bostock trained animal show, Roltair's Illusion Shows, a very expensive attraction direct from Coney Island, the baby incubators, seven in number, the Iggorate village, comprising fifty-six inhabitants from the Philippine Islands, the Eskimo village, from the Jamestown Exposition, with thirty-two Eskimos, men, women and children, with their dogs, reindeer, etc., the Seminole village from the Everglades, with the famous Chief Billy Bowlegs in command, the Japanese village, comprising sixty-five Japs in their various lines of native pursuits, industrial and otherwise, including the Japanese Theater, tea gardens, etc., the Streets of Cairo, under the management of Tazaan & Co. of Constantinople, with their herd of nineteen camels and fifty Turks, Syrians, etc., including in this concession the Turkish Theater, Madam Van's trained horses, the celebrated educated goats, and dozens of other interesting attractions equally as interesting.

"There will also be numerous free attractions daily, including Lincoln J. Beachey and his famous airships, with which Mr. Beachey won the world's record at the international races, St. Louis. There will also be a number of the leading bands of the country, including Sousa, Bandorossa, and others. Also Walter H. Knoll, the greatest cornetist in the United States of the present day.

"In the line of stock and other exhibits, I am glad to be in position to state that Alachua county will have an attractive display, and a display which is bound to prove of great value to your county," continued Mr. Buckley, enthusiastically. "Mr. N. A. Callison, manager of the Spring Park Stock Farm Company, assures me that his company will have an exhibit of about fifty head of cattle, including entries in nearly every class of Hereford and Jersey breed, and he will also take a number of Angora goats and other fancy stock for the pet stock show. I had the pleasure of spending Friday night and a part of Saturday as the guest of Mr. Callison at the farm, and was very much surprised and impressed at the magnitude of the institution, which is one of the most modern places of the kind I have ever seen. I am sure the cattle display of the Spring Park Farm will attract the admiration of all who see it in Jacksonville, as it has done at the State fairs."

Commissioner George Taylor, in cooperation with Mr. Callison and others, is exerting every effort in the matter of securing attractive individual exhibits, and meeting with great success. They have virtually been assured of a good exhibit of the phosphate and mining industry, and the chances are that they will secure a cotton and hardwood display, as well as several others.

Mr. Buckley states that arrangements have been made with both the Seaboard and Atlantic Coast Line to run excursions from Gainesville to Jacksonville from time to time at specially reduced rates, which will be given later, and that the management of the Exposition would arrange to give two or three "Gainesville Days."

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

WINDSOR PARTY.

Thursday night at their home, Mr. and Mrs. John Torode, Sr., gave one of the most enjoyable parties of the season. They entertained in honor of their son and daughter, Mr. and Mrs. Chas. Weekly of Lynchburg, Va., and Miss Alice Weekly, a sister of Mr. Weekly, also of Lynchburg.

The guests gathered promptly at 8 o'clock and were all made welcome by the gracious host and hostess.

Many interesting games and contests made the time pass merrily and quickly to the happy participants. Later the guests repaired in couples to the dining-room where a pleasing scene met the eye. The table was a thing of beauty, with its snowy damask and glittering cut glass. The appointments were perfect in every way. Refreshments of delicious cakes, fruits and ices were served.

About thirty-five guests enjoyed the hospitality of Mr. and Mrs. Torode, and will join in the wish that they may have such another treat in store for them soon.

After paying their respects to the host and hostess, all wended their way to their respective homes with the smiling moon to light their way.

Mrs. McKinstry's Lecture.

The Advent Christian church was crowded with a large and representative audience, representing every denomination in the city, Sunday evening to hear the concluding lecture of Mrs. McKinstry, who has been conducting a series of lectures for the past week on "The World's Great Empires.

The subject of this concluding lecture was "The Fifth Empire," and the subject, which proved a most instructive one on religious lines, practical and sensible in every way, was handled in a masterly manner.

All who attended the lecture listened with the most rapt attention to the speaker for an hour and fifty minutes, and would have been contented to have remained longer.

Mrs. McKinstry preached at the Advent Christian church Monday night.

SHORT STATE ITEMS

Visitors are arriving in Orlando at the rate of twenty-five per day, says The Reporter-Star of that city.

There is considerable discussion in Lee county as to the advisability of that county owning a public telephone system.

Members of the Catholic church of St. Petersburg are taking steps towards the erection of a new church building.

The citizens of Palatka are proud of their new city water, which has been announced by the bacteriologist to rank among the highest in purity.

Elaborate preparations are being made for the holding of the annual convention of the Florida Bankers' Association, which will be held in St. Petersburg.

Live Oak will probably have a shirt factory, as some of her public-spirited citizens are in communication with an experienced manufacturer with that view in mind.

An old negro was accidentally killed in Live Oak Thursday night by a freight train running over him. It is supposed that the old man was deaf and did not hear the train approaching.

Rev. Gray, pastor of the St. Petersburg Episcopal church, will visit the Old Country some time soon off the earnings of a life insurance policy that he has been carrying for many years.

As a result of a quarrel between two negroes, Wilson Dowell and Cane Pinkey at Rodman, in Putnam county, the former is dead and the latter in the county jail charged with wilful murder.

The Seaboard Air Line has inaugurated a package car between Chicago, Ill., and Jacksonville, Fla. No transfer will be made between Chicago and Jacksonville. These cars will be handled through fast freight trains.

Detective W. B. Cahoon, while chasing a negro in Jacksonville who was supposed to be a thief, was run over by a heavy truck wagon. He fell under the wagon, the front wheel passing over his left leg, breaking it below the knee.

A large turpentine still at Punta Gorda was blown up Wednesday morning, horribly burning a negro named Tom Hicks who was standing on the platform. The still was a complete loss. The negro has only a fighting chance for life.

The jury in the case of the United States vs. William M. Brown, president of the Fort Dallas National Bank, after being out twenty-five hours, brought in a verdict of not guilty. The case has been a hard contested one from start to finish.—Miami Record.

W. H. Johnson, a mechinist employed at the L. & N. shops in Pensacola, lost both legs Friday when an engine backed down upon the car under which he was working, the wheels passing over both legs. He died a few hours later, being unable to stand the shock.

Raymond, the little two-year-old son of Mr. and Mrs. R. G. Starling of Lawtey, was burned to death last Wednesday. Mr. Starling had set fire to some grass near his barn and went on about his work. In playing about the yard the child got near the embers and its dress caught fire.

Tuesday night, as Mr. Will Chappell of Kendrick was returning home from Ocala, he was held up by two negroes. However, Mr. Chappell was too much for them and succeeded in capturing them both. He brought them back to town, and they were placed in jail.—Ocala Banner.

Clutching wildly for his hat, which a gust of wind had blown from his head as he was riding with J. M. Myrick in a buggy, 11 miles north of Tampa last week, John M. Mathews, a well-to-do farmer and orange grower of Stemper, fell from the buggy upon his head, breaking his neck. He died almost instantly, gasping out his life with his head supported upon the knees of Myrick, his riding companion.

The small portion of road put down as an experiment by the County Commissioners of Orange county to test the Dickson block has been completed and tested. The quality of the road was tested by a heavy laden wagon passing over it, in and out and across it without a bit of the concrete being broken. It is possible that Hon. H. H. Dickson of Orange county has solved the question of good, cheap, durable roads.

may become fine strong men. Some of the strong men of today were sickly boys years ago. Many of them received

at their mother's knee. This had a power in it that changed them from weak, delicate boys into strong, robust boys.

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of SCOTT'S EMULSION. It makes children grow.

The king fishermen continue their great catches and as a result the local exporters will send out a solid carload of these fish. The total number of fish taken went far up into the thousands, the aggregate weight of which was between 50,000 and 75,000 pounds. This will be the second car of kingfish ever sent from this port—that is by the carload lot—the majority of the shipments being in barrels by express—Miami Metropolis.

A dish of apples in the show window of Wefhe, the jeweler, attracted quite a good deal of attention yesterday. Not that apples are scarce in Ocala, but the fact stated on an attached card that they were grown in Marion county made them a curiosity. They were grown by Mr. S. Lehman, the nurseryman at South Lake Weir, who had grafted the apple into a haw tree. They were of excellent flavor and entirely free of seeds, thus making them very desirable for cooking purposes. They were very miniature in size, but the fact that they are continuous bearers make them very desirable fruit to have about the place.—Ocala Banner.

THE CIRCUIT COURT.

Special Term Will Convene in This City on Tuesday, February 5.

In accordance with the order of Judge J. T. Wills, at the adjournment of the fall term of the circuit court of the Eighth Judicial Circuit in and for Alachua county, a special, or adjourned term of this court is called for Tuesday, February 5, at which term only the civil docket will be taken up, and then only such cases as have been and will be agreed upon.

This extra or adjourned term was occasioned by the heavily congested condition of the criminal docket at the fall term of the court, and the time required to dispose of same.

It is estimated that the coming session of the court will occupy about two weeks, during which time the docket will be considerably cleared of civil cases.

AN IMPORTANT ADDRESS.

Prof. C. R. Thomas of Kansas City Will be at Farmers' Institute.

From Wednesday's Daily Sun:

Among the most important of the visitors to the coming Farmers' Institute, which will be held in this city for three days, beginning February 5, will be Hon. C. R. Thomas of Kansas City, secretary of the American Hereford Breeders' Association, who has been invited to make an address before the institute, and who has accepted.

Mr. Thomas has decided to come through the influence of Manager N. A. Callison, of the Spring Park Stock Farm Company, breeders of Herefords. He is one of the most thoroughly posted cattle men in the country, and his advice and suggestions along the line of beef cattle will no doubt prove of great value to those who hear him. He is a man of high integrity, and well posted in all matters pertaining to cattle, especially of the beef breeds.

The people of Florida are under obligations to Manager Callison for the exercise of his influence in bringing this famous cattleman here.

Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. W. Johnson.

In the Mayor's Court.

A number of cases were arraigned in the mayor's court Tuesday, and, owing to the illness of Mayor Thomas, the cases were disposed of by Acting Mayor Broome, who is mayor by virtue of his position of president of the city council.

The following cases came up for the consideration of the court:

Tom Harris, George Lumpkin and Minnie Lumpkin, disorderly conduct, were fined $3.25 and costs each. This seemed to be in the nature of a family row.

William Curtis was arraigned upon a charge of disorderly conduct, but inasmuch as there was not sufficient evidence against him he was discharged.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Uefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement, worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

FARMERS IN GOOD SHAPE.

Smoke-Houses and Cribs Loaded, They Snap Finger at Speculators.

Tax Collector W. D. Dickinson and Tax Assessor W. W. Colson left Monday for points in the East End on official business, where they will remain for the next few days.

Collector Dickinson, who returned from a tour of the North End and part of the northwest on Saturday, reports fine collections, and says, notwithstanding the farmers have not sold their cotton, their smoke-houses and cribs are full of the choicest to eat, and they will not suffer if they do not dispose of the staple for another year.

"The people are determined," remarked Collector Dickinson. "They have plenty of everything good to eat, are resting easily, and declare when the fellow who wants their cotton decides to pay them a reasonable amount he will get it—and not before."

MANAGER BUCKLEY IS ENTHUSIASTIC

Over the Coming Mid-Winter Exposition at Jacksonville.

MADE A VISIT TO ALACHUA

In the Interest of the Exposition, and Feels Gratified That Spring Park Farm Will Send an Exhibition of Cattle—Other Exhibits Also.

"I can say with impunity that the coming Mid-Winter Exposition, which will open in Jacksonville on the 25th inst., and remain open for three months, will be the most successful, largest and most magnificent affair of the kind ever attempted in Florida," remarked Louis W. Buckley, general manager of the exposition, at the Brown House Saturday. "We have left no stone unturned to make it a success; we have employed men who know their business to make all arrangements and secure attractions, and they have succeeded admirably, as will be demonstrated when the great exposition is thrown open to the world at noon of Saturday, the 25th, with appropriate ceremonies. We expect upon this pompous occasion, which will mark a new era in exposition work in the South, especially in Florida, many prominent persons, among whom will be Governorr Hoke Smith of Georgia, Governor N. B. Broward and staff, Congressman Frank Clark, and others. An interesting feature of the event will be the starting of the machinery by the pressing of an electric button in Washington by President Roosevelt, provided the President finds it impossible to be there personally."

Mr. Buckley states that the grounds, which combine Dixieland Park, comprise twenty-eight acres, and are admirably located just across the river, only three minutes' ride from the foot of Main street.

The Palace of Industry, which is the main exhibition building, is a beautiful structure with white staff front. It is the largest building of the kind in the South, its dimensions being 350x400 feet. Another desirable feature of the exposition will be the arena, a commodious pit which will be used for baseball and other athletic games, also for the stock show, which will be held some time in February.

"Another great attraction at the Mid-Winter Exposition will be the two midways, which will be known as the Florida Trail. These thoroughfares will combine a length of about eight blocks, and here is where the concessions will be located. There are many concessions, many of them among the leading attractions of the United States. Among the most widely known are the famous Hostock trained animal show, Roltair's Illusion Shows, a very expensive attraction direct from Coney Island, the baby incubators, seven in number, the Iggorate village, comprising fifty-six inhabitants from the Philippine Islands, the Eskimo village, from the Jamestown Exposition, with thirty-two Eskimos, men, women and children, with their dogs, reindeer, etc., the Seminole village from the Everglades, with the famous Chief Billy Bowlegs in command, the Japanese village, comprising sixty-five Japs in their various lines of native pursuits, industrial and otherwise, including the Japanese Theater, tea gardens, etc., the Streets of Cairo, under the management of Tasaan & Co. of Constantinople, with their herd of nineteen camels and fifty Turks, Syrians, etc., including in this concession the Turkish Theater, Madam Van's trained horses, the celebrated educated fleas, and dozens of other interesting attractions equally as interesting.

"There will also be numerous free attractions daily, including Lincoln J. Beachey and his famous airships, with which Mr. Beachey won the world's record at the international races, St. Louis. There will also be a number of the leading bands of the country, including Sousa, Bandorossa, and others. Also Walter H. Knoll, the greatest cornetist in the United States of the present day.

"In the line of stock and other exhibits, I am glad to be in position to state that Alachua county will have an attractive display, and a display which is bound to prove of great value to your county," continued Mr. Buckley, enthusiastically. "Mr. N. A. Callison, manager of the Spring Park Stock Farm Company, assures me that his company will have an exhibit of about fifty head of cattle, including entries in nearly every class of Hereford and Jersey breed, and he will also take a number of Angora goats and other fancy stock for the pet stock show. I had the pleasure of spending Friday night and a part of Saturday as the guest of Mr. Callison at the farm, and was very much surprised and impressed at the magnitude of the institution, which is one of the most modern places of the kind I have ever seen. I am sure the cattle display of the Spring Park Farm will attract the admiration of all who see it in Jacksonville, as it has done at the State fairs."

Commissioner George Taylor, in cooperation with Mr. Callison and others, is exerting every effort in the matter of securing attractive individual exhibits, and meeting with great success. They have virtually been assured of a good exhibit of the phosphate and mining industry, and the chances are that they will secure a cotton and hardwood display, as well as several others.

Mr. Buckley states that arrangements have been made with both the Seaboard and Atlantic Coast Line to run excursions from Gainesville to Jacksonville from time to time at specially reduced rates, which will be given later, and that the management of the Exposition would arrange to give two or three "Gainesville Days."

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

WINDSOR PARTY.

Thursday night at their home, Mr. and Mrs. John Torode, Sr., gave one of the most enjoyable parties of the season. They entertained in honor of their son and daughter, Mr. and Mrs. Chas. Weekly of Lynchburg, Va., and Miss Alice Weekly, a sister of Mr. Weekly, also of Lynchburg.

The guests gathered promptly at 8 o'clock and were all made welcome by the gracious host and hostess.

Many interesting games and contests made the time pass merrily and quickly to the happy participants. Later the guests repaired in couples to the dining-room where a pleasing scene met the eye. The table was a thing of beauty, with its snowy damask and glittering cut glass. The appointments were perfect in every way. Refreshments of delicious cakes, fruits and ices were served.

About thirty-five guests enjoyed the hospitality of Mr. and Mrs. Torode, and will join in the wish that they may have such another treat in store for them soon.

After paying their respects to the host and hostess, all wended their way to their respective homes with the smiling moon to light their way.

Mrs. McKinstry's Lecture.

The Advent Christian church was crowded with a large and representative audience, representing every denomination in the city, Sunday evening to hear the concluding lecture of Mrs. McKinstry, who has been conducting a series of lectures for the past week on "The World's Great Empires."

The subject of this concluding lecture was "The Fifth Empire," and the subject, which proved a most instructive one on religious lines, practical and sensible in every way, was handled in a masterly manner.

All who attended the lecture listened with the most rapt attention to the speaker for an hour and fifty minutes, and would have been contented to have remained longer.

Mrs. McKinstry preached at the Advent Christian church Monday night.

The jury in the case of the United States vs. William M. Brown, president of the Fort Dallas National Bank, after being out twenty-five hours, brought in a verdict of not guilty. The case has been a hard contested one from start to finish.—Miami Record.

W. H. Johnson, a mechinist employed at the L. & N. shops in Pensacola, lost both legs Friday when an engine backed down upon the car under which he was working, the wheels passing over both legs. He died a few hours later, being unable to stand the shock.

Raymond, the little two-year-old son of Mr. and Mrs. R. G. Starling of Lawtey, was burned to death last Wednesday. Mr. Starling had set fire to some grass near his barn and went on about his work. In playing about the yard the child got near the embers and its dress caught fire.

Tuesday night, as Mr. Will Chappell of Kendrick was returning home from Ocala, he was held up by two negroes. However, Mr. Chappell was too much for them and succeeded in capturing them both. He brought them back to town, and they were placed in jail.—Ocala Banner.

Clutching wildly for his hat, which a gust of wind had blown from his head as he was riding with J. M. Myrick in a buggy, 11 miles north of Tampa last week, John M. Mathews, a well-to-do farmer and orange grower of Stemper, fell from the buggy upon his head, breaking his neck. He died almost instantly, gasping out his life with his head supported upon the knees of Myrick, his riding companion.

The small portion of road put down as an experiment by the County Commissioners of Orange county to test the Dickson block has been completed and tested. The quality of the road was tested by a heavy laden wagon passing over it, in and out and across it without a bit of the concrete being broken. It is possible that Hon. H. H. Dickson of Orange county has solved the question of good, cheap, durable roads.

Weak Little Boys

may become fine strong men. Some of the strong men of today were sickly boys years ago. Many of them received

Scott's Emulsion

at their mother's knee. This had a power in it that changed them from weak, delicate boys into strong, robust boys.

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of SCOTT'S EMULSION. It makes children grow.

The king fishermen continue their great catches and as a result the local exporters will send out a solid carload of these fish. The total number of fish taken went far up into the thousands, the aggregate weight of which was between 50,000 and 75,000 pounds. This will be the second car of kingfish ever sent from this port—that is by the carload lot—the majority of the shipments being in barrels by express—Miami Metropolis.

A dish of apples in the show window of Weihe, the jeweler, attracted quite a good deal of attention yesterday. Not that apples are scarce in Ocala, but the fact stated on an attached card that they were grown in Marion county made them a curiosity. They were grown by Mr. S. Lehman, the nurseryman at South Lake Weir, who had grafted the apple into a haw tree. They were of excellent flavor and entirely free of seeds, thus making them very desirable for cooking purposes. They were very miniature in size, but the fact that they are continuous bearers make them very desirable fruit to have about the place.—Ocala Banner.

THE CIRCUIT COURT.

Special Term Will Convene in This City on Tuesday, February 5.

In accordance with the order of Judge J. T. Wills, at the adjournment of the fall term of the circuit court of the Eighth Judicial Circuit in and for Alachua county, a special, or adjourned term of this court is called for Tuesday, February 5, at which term only the civil docket will be taken up, and then only such cases as have been and will be agreed upon.

This extra or adjourned term was occasioned by the heavily congested condition of the criminal docket at the fall term of the court, and the time required to dispose of same.

It is estimated that the coming session of the court will occupy about two weeks, during which time the docket will be considerably cleared of civil cases.

Worcester, Mass., Jan. 21.—The bodies of Peter Caplett and Miss Annie Marier, who were drowned while skating on a pond here on Saturday were found Sunday. It is thought that they skated into open water in the dark. When found, the young people were clasped in each other's arms. They were to have been married in a fortnight.

AN IMPORTANT ADDRESS.

Prof. C. R. Thomas of Kansas City Will be at Farmers' Institute.

From Wednesday's Daily Sun:

Among the most important of the visitors to the coming Farmers' Institute, which will be held in this city for three days, beginning February 5, will be Hon. C. R. Thomas of Kansas City, secretary of the American Hereford Breeders' Association, who has been invited to make an address before the institute, and who has accepted.

Mr. Thomas has decided to come through the influence of Manager N. A. Callison, of the Spring Park Stock Farm Company, breeders of Herefords. He is one of the most thoroughly posted cattle men in the country, and his advice and suggestions along the line of beef cattle will no doubt prove of great value to those who hear him. He is a man of high integrity, and well posted in all matters pertaining to cattle, especially of the beef breeds.

The people of Florida are under obligations to Manager Callison for the exercise of his influence in bringing this famous cattleman here.

Why

Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. W. Johnson.

In the Mayor's Court.

A number of cases were arraigned in the mayor's court Tuesday, and, owing to the illness of Mayor Thomas, the cases were disposed of by Acting Mayor Broome, who is mayor by virtue of his position of president of the city council.

The following cases came up for the consideration of the court:

Tom Harris, George Lumpkin and Minnie Lumpkin, disorderly conduct, were fined $3.25 and costs each. This seemed to be in the nature of a family row.

William Curtis was arraigned upon a charge of disorderly conduct, but inasmuch as there was not sufficient evidence against him he was discharged.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

Certainly smashed a hole in the bar-rooms of Kansas, but Ballard's Horehound Syrup has smashed all records as a cure for coughs, bronchitis, influenza and all pulmonary diseases. T. C. FARMERS IN GOOD SHAPE.

Smoke-Houses and Cribs Loaded, They Snap Finger at Speculators.

Tax Collector W. D. Dickinson and Tax Assessor W. W. Colson left Monday for points in the East End on official business, where they will remain for the next few days.

Collector Dickinson, who returned from a tour of the North End and part of the northwest on Saturday, reports fine collections, and says, notwithstanding the farmers have not sold their cotton, their smoke-houses and cribs are full of the choicest to eat, and they will not suffer if they do not dispose of the staple for another year.

"The people are determined," remarked Collector Dickinson. "They have plenty of everything good to eat, are resting easily, and declare when the fellow who wants their cotton decides to pay them a reasonable amount he will get it—and not before."

Mesdames John M. Taylor and J. Gilbert Taylor have moved into the home on West Mechanic street vacated some time ago by Mr. and Mrs. J. D. Stringfellow, where they are now pleasantly located.

Estelle Chisholm, aged about twenty years, daughter of Wesley Chisholm, one of the oldest and best colored citizens of the northwestern part of the city, died Saturday after an illness of about three weeks.

The home of Mr. and Mrs. F. P. Henderson, West Liberty street, has been greatly improved in appearance by a liberal application of paint. The scheme is pearl gray, white trimmings, which makes a very pretty effect.

Mrs. Thos. G. Metz, nee Miss Bessie Haile, of Wilmington, Del., is in the city on a visit to her mother, Mrs. Rachel Haile, and other relatives. The hosts of friends of Mrs. Metz are delighted to welcome her to her old home.

A. L. Reeder and family have removed from 208 W. Church, to 108 E. Lemon street. Mr. Reeder, who has accepted a position with the A. R. Harper Piano Company, expects to spend a great deal of his time on the road.

Dr. and Mrs. Blackshear of High Springs were in the city yesterday on business connected with the office of the county clerk. They have recently purchased the Sutherland property in High Springs, and came to have the deeds recorded.

Wm. Littledale of Hawthorn was in the city yesterday. Mr. Littledale has just finished a tour of his territory in the West End, and says the merchants and others are in fine condition. They do not seem to have heard of the financial panic in that section, from all appearances.

T. M. Venable of Arredondo was in the city yesterday and made The Sun an agreeable call, renewing his subscription for another year. Captain Tom never fails to attend exercises in commemoration of Gen. Lee's birthday, if he is able to walk, and that was his business here yesterday.

Rev. A. B. Welch, colored, of Bennington, was in the city yesterday. He called at The Sun office and renewed his subscription. Rev. Welch, who is one of the most industrious of the colored populations of the county, has been a regular subscriber to this paper for fifteen years, and has been a supervisor of Green school for the same length of time. This is a remarkable record, and shows that he must be an efficient officer in this direction.

Friends of J. H. Morton, who has been quite ill at his home on West Lemon street for the past few weeks, will be gratified to learn that his condition is greatly improved, and he will probably be enabled to resume his duties as foreman at the Eddins Manufacturing Company's plant in a few days.

Kirby Smith Chapter, U. D. C., desire to thank each and every person who in any way contributed to the success of the entertainment given under the auspices of the chapter last Friday night. O. B. Powell of Alachua was a business visitor to this city yesterday.

Dr. H. L. Montgomery of Micanopy was a business visitor to this city yesterday.

Mrs. B. F. Jordan left yesterday for Alachua, where she will be the guest of relatives for a few days.

R. T. Osteen and A. G. Dyal, two well-known citizens of Graham, were trading in the city yesterday.

W. H. Hayes, a progressive merchant of the thriving town of Alachua, spent yesterday in this city on business.

The many friends of J. M. Haile will regret to learn that he is confined to his home in this city on account of sickness.

E. F. Pope and J. F. Grady, two well-known farmers of the Waldo section, were among those who spent yesterday in the county capital.

Among the prominent visitors to this city from Micanopy Monday were Dr. J. D. Watkins, Dr. W. C. Johnson and Claude Fontaine, all of whom came on business.

J. T. Weeks of Waldo was among those who spent yesterday in the city. Mr. Weeks is one of the oldest and most widely known citizens of the East End.

C. W. Chase, president of the Dutton Phosphate Company, has gone to New York. Mr. Chase says little, but it is understood that he proposes to sail from that port to Europe. At least, The Times-Union is responsible for this assertion.

N. E. Brown and wife of St. Joseph, Mich., are among the tourists spending a few days in Gainesville and vicinity. They are delighted with this section of the State, and may return here for the winter, after a visit to points of interest south.

H. C. Cato of High Springs, after a pleasant visit to relatives here, returned to his home yesterday. He was accompanied by his daughters, Mrs. B. T. Arnow, and children, and Mrs. E. M. Bynum, who will spend a few days as his guests at High Springs.

Dr. Geo. S. Waldo will open dental parlors in the Graham building, East Main street. Dr. Waldo comes to Gainesville with the highest recommendation, and The Sun bespeaks for him a liberal share of the public patronage. His advertisement will be found in another column of today's paper.

J. J. Haymans, the naval stores operator of Lochloosa and Yulee, after a pleasant visit to his family here, left yesterday for Yulee, where he will look after his interests. Mr. Haymans owns a beautiful home in East Gainesville, and his children take advantage of the excellent school facilities here.

Mrs. Jordan of Tallassee, Ala., who has been here on a visit to Mrs. B. F. Jordan, left for Jacksonville, where she will remain a few days. From Jacksonville she will proceed to her home. Mrs. Jordan was called here on a sad mission—the death of her niece, Mrs. Travis, who died in Georgia and was buried here.

J. T. Manning, merchant, postmaster, railroad and express agent of Clark, has returned to his home, after a brief but pleasant visit to friends here. Mr. Manning was connected with the Seaboard Air Line for some time, during which time he either fell in love with the city or someone in it, as he has been making regular visits to Gainesville ever since he left here about a year ago. He is a good fellow, however, and we congratulate the young "friend" in advance.

J. B. Douglass, formerly in the grocery business in this city, later of Sampson City, but more recently of Jacksonville, has arrived here, and expects to remain here for some time. Mr. Douglass states that it is hard for a man to remain away from his family, hence it is to be assumed that he will either engage in business or look for something else here. His friends are glad to welcome him home again.

C. W. Wells of Alachua, one of the leading farmers of that section, was among those who spent Monday in this city. Through the generous courtesy of Mr. Wells, the editor and city editor of The Sun have been brought back to their boyhood days, as they have once more had the opportunity of testing the delicious flavor of the "good old country ham." Mr. Wells has a large range, and raises some of the finest hogs in the country. His smoke-house is always well filled with the choicest meat.

Why not plant a few Pecan Trees on those vacant lots? They would sell for double their value. A pecan tree is an ornamental as well as a valuable tree. Frost and cold will not hurt them—they will grow on any soil. The crop of a thrifty pecan tree ten to twelve years old will pay your taxes. The pecan tree lives to be several hundred years old, and is least effected by insects. Milo A. Bennett can furnish you with grafted pecan trees that will bear in four years; large size, thin-shell nuts. Call on him for particulars.

From Thursday's Daily Sun:

W. T. Jackson of Wauburg Lake was in the city on business yesterday.

Mr. and Mrs. M. J. Ward of Tacoma were among those who favored Gainesville with a visit yesterday.

Mr. and Mrs. E. B. Godwin are back from High Springs, where they have been for the past few days, the former looking after his interests. They were accompanied by Miss Susie Richardson, who will remain here a few days as their guests.

The committee who sent out a personal letter with reply cards enclosed addressed to Ferdinand Bayer, secretary, requests that these reply cards be returned promptly, so that the Secretary can make his report to the committee. If you have as yet not returned the card, do so at once.

M. Sobel has returned from Baltimore and other markets, where he went to purchase clothing and gents' furnishings. Mr. Sobel expects to open a clothing and gents' furnishing establishment in this city, at 102 West Main street N., in a few days. He was for some time manager of the business of B. Edelstein.

J. A. Abrams left yesterday for Newberry and other points, where he will be gone for the next two or three days. Messrs. Abrams and W. L. Hill have associated themselves in the piano and organ business here, and will open a store on East Main street S. for the present. They are both well known men, and should do well.

Chas. C. Warren, the efficient street commissioner, is happy over the possession of a fine horse and buggy, which were purchased a day or two ago from L. B. Long, a resident of North Gainesville. Mr. Warren declares that while the horse may not be a professional trotter, he makes excellent time, and he is well pleased with his purchase.

Mr. and Mrs. O. W. Downning of Wilmington, Del., have arrived in the city, and are here on a visit to the latter's mother, Mrs. Robert Wixson. Mrs. Downning was familiarly known here as Miss Daisy Pearce, where she spent her girlhood, and where she was very popular. Mr. Downning is a conductor between Philadelphia and Wilmington. Mrs. Downning's friends are glad to welcome her to her old home.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the subject fades."

You can get a picture from locket to life-size at Smith's Studio.

SECRETARY C. R. THOMAS

Will Address the Farmers' Convention to be Held in February.

The fact alone that Mr. C. R. Thomas is secretary for the Hereford Association says practically all that needs to be mentioned in connection with this able man and speaker. The headquarters of the Hereford Association are in Kansas City, Mo., which is the "Chicago of the West."

In addition to the fact that Mr. Thomas has had the work as secretary of the Hereford Association, he has also been sent to South America in the interests of shipping blooded cattle to that country. The United States of course leads the Western Hemisphere in the production of pure-bred cattle. A large amount of pure-bred cattle were brought in from European countries to South American countries. These, however, are not as good as the American breed, naturally from the fact that our American cattle are brought up more nearly on the range than those of European countries.

Secretary Thomas has had such a wide experience, and has such a large fund of information in regard to cattle raising, that no one can afford to miss this lecture.

McCollum & Co. take all the risk of its giving satisfaction and leave you to be the judge as to whether it costs you anything or not.

BURGLARS AT WORK.

Entered Room of Forest Kelley, But Were Driven Away Promptly.

Burglars seem still to be wandering about the city, invading the stores and homes of our business men and citizens. A few nights ago some person entered the store of J. C. Evans, West Union street, and took therefrom clothing, shoes, and other articles of wearing apparel.

A burglar disturbed the peaceful slumbers of Forest Kelley, at his room on South Arredondo street, at an early hour Sunday morning, which has just come to light, as Mr. Kelley is a little reluctant about talking about these matters. When approached in the matter, however, Mr. Kelley did admit that, about 4 o'clock on Sunday morning, while peacefully in slumber, he was suddenly arroused by a burglar entering his room. He arose so suddenly that the intruder, who came in through a hallway, was frightened, and made haste to get away.

In his night clothes Mr. Kelley, determined to capture the burglar if possible, made a dash, and followed him into the street. He made a dash up Arredondo street, chasing the man for two blocks, at some intervals being only a few feet behind him; but the man, who appeared to be a negro, was fleet of foot, and succeeded in making his escape.

JUSTICE COURT AT ROCHELLE.

Several Grove Park Negroes Heavily Fined for Disorderly Conduct.

It is not often that The Sun records a justice court outside of this justice district, except that the cases be of unusual interest, but information has been received of a hearing in Justice Zetrouer's court at Rochelle which is worthy of mention as a warning to the law-breakers, as a number of negroes of the Grove Park section were heavily fined upon a charge of disorderly conduct, one of whom was convicted, upon his own confession, of carrying a concealed weapon.

The report states that Mark Ivery plead guilty to carrying a pistol, for which he was fined $100 and costs or six months. Henry Ivery, K. Williams, Tom Hearron and Pardy Jones, all colored, were convicted of using profane language, and were sentenced to pay a fine of $20 and costs each, or thirty days in jail.

The fines were paid.

This information came from Deputy Sheriff Story.
